## **INFORMATION CIRCULAR FOR THE 2020 ANNUAL GENERAL AND SPECIAL MEETING OF DXI ENERGY INC.**

This Information Circular contains information as of June 29, 2020 unless otherwise stated.

### **SOLICITATION OF PROXIES**

This management information circular (the “**Information Circular**”) is furnished in connection with the solicitation of proxies by and on behalf of the management of DXI ENERGY INC. (the “**Corporation**”) for use at the Annual General and Special Meeting (the “**Meeting**”) of shareholders (the “**Shareholders**”) of the Corporation, to be held at Suite 523, 999 Canada Place Vancouver, British Columbia, V6C 3E1 on Thursday, August 20, 2020, at the hour of 11:00 am (Vancouver time)

It is expected that the solicitation will be primarily by mail, but proxies may also be solicited personally or by telephone by regular employees of the Corporation without special compensation. The cost of solicitation will be borne by the Corporation.

No person is authorized to give any information or to make any representations other than those contained in this Information Circular and, if given or made, such information or representation should not be relied upon as having been authorized.

### **APPOINTMENT AND USE OF PROXIES**

The persons named in the enclosed form of proxy are officers or directors of the Corporation (the “**Directors**”). **A Shareholder has the right to appoint a person or company, who need not be a Shareholder, other than the persons designated in the form of proxy accompanying this Information Circular, as nominee to attend and act for and on behalf of such Shareholder at the Meeting and may exercise such right by inserting the name of such person in the blank space provided on the form of proxy or by executing a proxy in a form similar to the enclosed form.** If a Shareholder appoints one of the persons designated in the accompanying form of proxy as nominee and does not direct the said nominee to vote either for or against or withhold from voting on a matter or matters with respect to which an opportunity has been given to specify how the shares registered in the name of such Shareholder shall be voted, the proxy shall be voted for such matter or matters. The proxy must be signed by the Shareholder or by his attorney in writing, or, if the Shareholder is a corporation, it must be executed under its common seal or signed by a duly authorized officer.

To be effective, forms of proxy must be delivered either to the head office of the Corporation at Suite 523-999 Canada Place, Vancouver, British Columbia, V6C 3E1, or to the Corporation's Registrar and Transfer Agent, Computershare Investor Services Inc., 135 West Beaver Creek, PO Box 300, Richmond Hill, Ontario, L4B 4R5, Attention: Proxy Department, not less than 48 hours (excluding Saturdays, Sundays and holidays) prior to the Meeting.

Completion and delivery of proxies may also be done electronically via the internet. Shareholders who wish to complete and deliver proxies electronically are urged to contact Computershare Investor Services Inc. to determine the availability of and instructions for the use of this option.

### **EXERCISE OF VOTE BY PROXY**

The shares represented by proxies at the Meeting will be voted for or against or withheld from voting in accordance with the instructions of the Shareholder, so long as such instructions are certain, on any ballot that may be called for. Where the proxy specifies a choice with respect to any matter to be voted upon, the

shares to which the proxy pertains will be voted in accordance with the specification so made. **If no choice is specified in the proxy, the persons designated in the accompanying form of proxy will vote for each of the matters proposed by management at the Meeting and described in the Notice of the Meeting.**

**The form of proxy accompanying this Information Circular confers discretionary authority upon the nominees named therein with respect to amendments or variations to matters identified in the Notice of the Meeting and with respect to other matters which may properly come before the Meeting.** Management knows of no matter, to come before the Meeting, other than those referred to in the accompanying notice of Meeting. However, if any other matters which are not now known to management should properly come before the Meeting, the shares represented by proxies given in favour of the persons named therein will be voted on such matters in accordance with the best judgment of such persons.

### **REVOCABILITY OF PROXY**

A Shareholder may revoke a proxy (a) by depositing an instrument in writing executed by him or by his attorney authorized in writing (i) at the registered office of the Corporation or its transfer agent at any time up to and including the last business day preceding the day of the Meeting, or an adjournment thereof, at which the proxy is to be used, or (ii) with the Chairman of the Meeting on the day of the Meeting, or an adjournment thereof, or (b) in any other manner permitted by law. **Only registered Shareholders have the right to revoke a proxy. Non-Registered Holders (as defined below) who wish to change their vote must, at least 7 days before the Meeting, arrange for their Intermediary (as defined below) to revoke the proxy on their behalf.**

Revocation of proxies may also be done electronically. Shareholders who wish to revoke their proxies electronically are urged to contact Computershare Investor Services Inc. to determine the availability of and instructions for the use of this option.

### **NON-REGISTERED HOLDERS**

Only registered Shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Most Shareholders of the Corporation are “non-registered” Shareholders because the common shares of the Corporation (the “**Common Shares**”) they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the Common Shares. More particularly, a person is not a registered Shareholder in respect of Common Shares which are held on behalf of that person (the “**Non-Registered Holder**”) but which are registered either: (a) in the name of an intermediary (an “**Intermediary**”) that the Non-Registered Holder deals with in respect of the Common Shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSP's, RRIFs, RESPs and similar plans); or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited (“**CDS**”)) of which the Intermediary is a participant. In accordance with the requirements of National Instrument 54-101 of the Canadian Securities Administrators, the Corporation has distributed copies of the Notice of the Meeting, this Information Circular and the proxy (collectively, the “**Meeting Materials**”) to the clearing agencies and Intermediaries for onward distribution to Non-Registered Holders.

Intermediaries are required to forward the Meeting Materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Very often, Intermediaries will use service companies to forward the Meeting Materials to Non-Registered Holders. Generally, Non-Registered Holders who have not waived the right to receive Meeting Materials will either:

- (a) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the Non-Registered Holder but which is otherwise not completed. Because the Intermediary has

already signed the form of proxy, this form of proxy is not required to be signed by the Non-Registered Holder when submitting the proxy. In this case, the Non-Registered Holder who wishes to submit a proxy should otherwise properly complete the form of proxy and **deliver it to** the head office of the Corporation or Computershare Investor Services Inc. as provided above; or

- (b) more typically, be given a voting instruction form **which is not signed by the Intermediary**, and which, when properly completed and signed by the Non-Registered Holder and **returned to the Intermediary or its service company**, will constitute voting instructions (often called a “**Proxy Authorization Form**”) which the Intermediary must follow. Typically, the Proxy Authorization Form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form, the Proxy Authorization Form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label containing a bar-code and other information. In order for the form of proxy to validly constitute a Proxy Authorization Form, the Non-Registered Holder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and return it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit Non-Registered Holders to direct the voting of the Common Shares which they beneficially own. Should a Non-Registered Holder who receives one of the above forms wish to vote at the Meeting in person, the Non-Registered Holder should strike out the names of the management proxyholders and insert the Non-Registered Holder's name in the blank space provided. **In either case, Non-Registered Holders should carefully follow the instructions of their Intermediary, including those regarding when and where the proxy or Proxy Authorization Form is to be delivered.**

In addition, Canadian securities legislation now permits the Corporation to forward meeting materials directly to “non objecting beneficial owners”. If the Corporation or its agent has sent these materials directly to you (instead of through a nominee), your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the nominee holding on your behalf. By choosing to send these materials to you directly, the Corporation (and not the nominee holding on your behalf) has assumed responsibility for (i) delivering these materials to you and (ii) executing your proper voting instructions.

#### **NOTICE AND ACCESS**

The Corporation is sending the Meeting Materials to beneficial shareholders using the “notice and access” provisions of *National Instrument 54-101 – Communication with Beneficial Owners*. Pursuant to such provisions, the Corporation provides beneficial shareholders with a notice on how they may access the Information Circular electronically instead of providing a paper copy. The Corporation is not sending the Meeting Materials to registered Shareholders using the “notice and access” provisions of *National Instrument 51-102 – Continuous Disclosure Obligations*. The use of this alternative means of delivery is more environmentally friendly as it will help reduce the amount of paper used, and it will also reduce the cost of printing and mailing proxy materials to shareholders.

#### **APPROVAL OF RESOLUTIONS**

The regulatory requirements affecting the matters proposed for approval at the Meeting may require different levels or kinds of Shareholder approval, including approval by ‘ordinary resolution’, ‘special resolution’ or ‘disinterested shareholder approval’. The following is an explanation of what these terms mean and how they apply to the voting which will occur at the Meeting.

1. An **ordinary resolution** is one approved by a simple majority of the votes actually cast. This includes Shareholders voting in person or by proxy. All Shareholders are entitled to vote.
2. A **special resolution** is one approved by not less than two-thirds of the votes actually cast. This includes Shareholders voting in person or by proxy. All Shareholders are entitled to vote.
3. A **resolution requiring disinterested shareholder approval** may be either an ordinary or special resolution, as the circumstances dictate, but in either case will exclude all votes attaching to any shares held by persons with an interest in the subject matter of the resolution.

Each resolution will indicate what level or kind of shareholder approval is required.

### **VOTING SHARES AND RECORD DATE**

The Corporation’s authorized capital consists of an unlimited number of Common Shares, preferred shares and series one (1) preferred shares. As of June 29, 2020 (the “**Record Date**”), the issued share capital of the Corporation consisted of 252,942,887 Common Shares with no preferred shares or series one (1) preferred shares issued. Each holder of Common Shares of record at the close of business on the Record Date is entitled to one vote for each Common Share then held on all matters to be acted upon at the Meeting.

### **PRINCIPAL HOLDERS OF VOTING SHARES**

To the knowledge of the Directors and executive officers of the Corporation, as at June 29, 2020, no person or company beneficially owns, or controls or directs, directly or indirectly, voting securities carrying 10% or more of the voting rights attached to any class of voting securities of the Corporation, other than:

<b>Name</b>	<b>Number of Shares<sup>(1)</sup></b>	<b>Percentage of Outstanding Shares on a fully diluted basis</b>
Robert Hodgkinson	82,357,690	32.56%

<sup>(1)</sup> The information as to the class and number of voting securities beneficially owned, or controlled or directed, directly or indirectly, not being within the knowledge of the Corporation has been based solely upon public filings of Hodgkinson Equities Corp., (a company wholly-owned by Mr. Hodgkinson); and reports filed by Mr. Hodgkinson on the System for Electronic Disclosure by Insiders (SEDI) at [www.sedi.ca](http://www.sedi.ca).

### **FORWARD-LOOKING STATEMENTS**

This Information Circular contains “forward-looking information” within the meaning of applicable Canadian securities legislation. Often, but not always, forward-looking information and statements can be identified by the use of words such as “plans”, “expects” or “does not expect”, “is expected”, “estimates”, “intends”, “anticipates” or “does not anticipate”, or “believes”, or variations of such words and phrases or state that certain actions, events or results “may”, “could”, “would”, “might” or “will” be taken, occur or be achieved. Forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the Corporation to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. Examples of such statements include the Corporation’s ability to complete the proposed Share Consolidation transaction, which are disclosed elsewhere in this Information Circular. Actual results and developments are likely to differ, and may differ materially, from those expressed or implied by the forward-looking statements contained in this Information Circular.

The principal factors, assumptions and risks that we made or took into account in the preparation of the forward-looking statements in this Information Circular include, among other things, our ability to obtain the necessary shareholder and regulatory approvals for those proposals and the other factors described in this Information Circular and our annual information form. Should one or more of these risks or uncertainties materialize, or should assumptions underlying the forward-looking statements prove incorrect, actual results may vary materially from those described in this Information Circular as intended, planned, anticipated, believed estimated or expected. You are cautioned not to place undue reliance on forward-looking information or statements.

  - (i) was the subject of a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation, in effect for a period of more than 30 consecutive days while the proposed director was acting in the capacity as director, chief executive officer or chief financial officer of such company; or
  - (ii) was subject to a cease trade or similar order or an order that denied the relevant company access to any exemption under securities legislation, in effect for a period of more than 30 consecutive days that was issued after the proposed director ceased to be a director, chief executive officer or chief financial officer and which resulted from an event that occurred

while that person was acting in the capacity as director, chief executive officer or chief financial officer of such company; or

- (b) is, as at the date of this Information Circular, or has been within 10 years before the date of the Information Circular, a director or executive officer of any company (including the Corporation) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; or

#### **4. Appointment of Auditors**

Unless otherwise instructed, the proxies given pursuant to this solicitation will be voted for the re-appointment of Davidson and Company LLP, as auditors of the Corporation, to hold office until the close of the next annual general meeting of the Corporation. It is proposed that the remuneration to be paid to the auditors of the Corporation be fixed by the Board. Davidson and Company LLP were first appointed auditors of the Corporation on December 6, 2019.

**The persons named in the accompanying form of proxy intend to vote for the re-appointment of Davidson and Company LLP as auditors of the Corporation for the ensuing year and to authorize the directors to fix the remuneration to be paid to the auditors.**

#### **5. Share Consolidation**

To assist the Corporation in attracting future equity financing, the Board of Directors proposes to consolidate the share capital on the basis of up to one hundred (100) issued common shares for one (1) new common share basis (the “**Consolidation**”). As part of the Consolidation and to reflect a new business direction for the Corporation, the Board of Directors also proposes to change the name of the Corporation to “DXI Capital Corp.”, or such other name as may be acceptable to the Registrar of Companies and the TSX Venture Exchange (NEX Division). It is anticipated that the Corporation’s common shares will be listed on NEX at the time of the Consolidation. The change of name will be effected by resolution of the board of directors as permitted under the Corporation’s Articles.

At the Meeting, Shareholders will be asked to consider and, if thought fit, to pass with or without amendment the following as an ordinary resolution:

*BE IT RESOLVED that the authorized and issued common share capital of the Corporation be altered by consolidating all of the 252,942,887 issued common shares without par value into 2,529,428 common shares without par value, on the basis that up to every one hundred*

*(100) common shares be consolidated into one (1) common share without par value, or on such lesser basis as may be approved by the Board of Directors and the TSX Venture Exchange.*

Under the *Business Corporations Act* (British Columbia), any company may, by the type of resolution as specified in its Articles, alter its constating documents to consolidate its share capital. The current Articles of the Corporation specify that the proposed share consolidation must be approved by an ordinary resolution of the Shareholders.

The proposed Consolidation will not alter or change in any way any Shareholder’s proportion of votes to total votes, however, the total votes capable of being cast by Shareholders at a general meeting of the Corporation in the future will be reduced if the resolution is passed. Any resulting fractional share will be dealt with by taking the number of shares issuable on the exchange to the nearest lower whole share. Any fractional Shareholdings less than one will be reduced to zero. In the event that the proposed share Consolidation is not approved by the ordinary resolution of the Shareholders, the Corporation will not proceed with this matter.

**The Board of Directors recommends that the Shareholders vote in favour of the Consolidation, in order to permit the Corporation to obtain new financing and remain solvent, and the persons named in the enclosed form of proxy intend to vote for the approval of the resolution at the Meeting, unless otherwise directed by the Shareholders appointing them.**

## **6. Proposed Debt Settlement and Creation of a New Control Person**

The Corporation has incurred the following debts in connection with the financing of the Corporation’s interest in the Kokopelli Project, USA (expressed in Canadian dollars) and for general working capital:

	<b>Name of the Lender</b>	<b>Principal Amount</b>	<b>Interest Rate</b>	<b>Maturity Date</b>	<b>Estimated Accrued Interest (Jan. 1 to Aug. 31, 2020)</b>
1.	Hodgkinson Equities Corp. (a private company 100% owned by Robert Hodgkinson)	\$2,000,000	Royal Bank prime rate plus 1%	June 5, 2022	\$50,210.38
		\$ 175,000	8.0% per annum	Thirty (30) days following demand after Dec. 31, 2020	\$2,846.99
2.	Hodgkinson Ventures Inc. Corp. (a private company 100% owned by Charles Hodgkinson)	\$2,000,000	Royal Bank prime rate plus 1%	June 5, 2022	\$50,210.38
		\$ 75,000	8.0% per annum	Thirty (30) days following demand after Dec. 31, 2020	\$1,426.23

Robert Hodgkinson is a director and officer of the Corporation, as well as its principal shareholder; and Charles Hodgkinson is his brother, who resides separately from Robert. Charles and Robert do not vote or act together or in concert as a group, and there is no agreement, understanding or arrangement between them or their companies to do so. The above debts have been recorded and are disclosed in the financial statements of the Corporation, with the exception of \$100,000 to be advanced to the Company pursuant to a line of credit facility with Hodgkinson Equities Corp. when and if requested by the Company, and interest yet

to be accrued to August 31, 2020. Interest will continue to run on the principal amount of the loans at the stated interest rates above, until the loans are repaid or settled for post-consolidated shares.

The Corporation proposes to settle these debts (and other debts with other creditors totalling up to \$4.8 million, including the above Debt Settlements) for post-consolidated common shares of the Corporation (the “**Debt Settlements**”), after the new market price for the post-consolidated shares has been established in an orderly trading market on NEX. It is anticipated that the Corporation’s post-consolidated common shares will be listed on NEX at the time of the Debt Settlements. The Debt Settlements are determined to be necessary by the independent directors of the Board of Directors of the Corporation, so that the Corporation can obtain new equity financing. It is unlikely that the Corporation would be able to obtain new equity funding, if the investors have concerns about the level of outstanding debts of the Corporation.

The interested parties expect that these Debt Settlements above will result in the issuance to Hodgkinson Equities Corp. of up to 5,570,143 post-consolidated common shares of the Corporation; and the issuance to Hodgkinson Ventures Inc. of up to 5,316,592 post-consolidated common shares of the Corporation. As a consequence of the proposed Debt Settlements, the control position of Hodgkinson Equities Corp. will be increased by up to a further 5,570,143 post-consolidated common shares (for a total post-consolidated shareholding of up to 6,393,719 shares, or up to 44.0% of the then total issued and outstanding post-consolidated shares). Hodgkinson Ventures Inc. (together with Charles Hodgkinson directly) will have a total post-consolidated share position of up to 5,338,933 shares (or up to 36.8% of the total issued and outstanding shares). In result, Hodgkinson Ventures Inc. will also become a new Control Person of the Corporation (being a person that owns or controls at least 20% of the then total issued and outstanding shares of the Corporation).

Under the policies of the TSX Venture Exchange (NEX Division), a listed company must obtain shareholder approval if:

- (a) it proposes to issue more than 100% of its outstanding shares in any 12-month period; and
- (b) a new Control Person is created.

In the event that the proposed Debt Settlements and creation of a new Control Person are not approved by the ordinary resolutions of the disinterested Shareholders, the Corporation will not proceed with these matters.

The proposed Debt Settlements will not be Related Party Transactions as defined under the provisions of Multi-lateral Instrument 61-101 “*Protection of the Minority Security Holders in Special Transactions*”, (the “**Instrument**”), adopted by the TSX Venture Exchange under Policy 5.9, because Hodgkinson Equities Corp. and Hodgkinson Ventures Inc., each a *bona fide* lender to the Corporation, which are specifically excluded as a person who is defined to mean a “related party” under the Instrument. In result, the provisions of the Instrument will not apply to the proposed Debt Settlements.

Listed companies undertaking any issuance of securities must submit a Form C to NEX at least seven business days in advance of the issuance. If NEX has any objections to the proposed Debt Settlement transactions required to be filed by the Corporation, it will notify the Corporation by the end of the third business day following receipt of the Form C. Any post-consolidated shares issued pursuant to the Debt Settlements will be subject to resale restrictions for 4 months and a day from their date of distribution, unless otherwise provided by applicable securities legislation, and will bear a legend to that effect. Any post-consolidated shares issued pursuant to the Debt Settlements will also be subject to resale restrictions for 4 months imposed by the TSX Venture Exchange (defined as the “Exchange Hold Period” under Policy 1.1 of the TSX Venture Exchange), and will also bear a legend setting out the Exchange Hold Period. Upon closing of the Debt Settlements, the Corporation will issue a press release setting out the details of the transactions.

Pursuant to Policy 4.3 of the TSX Venture Exchange “*Shares for Debt*”, the Corporation must obtain disinterested shareholder approval where the Debt Settlements will result in the creation of a new Control Person of the Corporation. The “disinterested shareholders” of the Corporation means all Shareholders of the Corporation who are not interested in the transaction, or their affiliates or associates, directly or indirectly. For greater certainty, the interested shareholders include Robert Hodgkinson and Hodgkinson Equities Corp. with respect to the resolution to approve the debt settlements with Hodgkinson Equities Corp.; and Charles Hodgkinson and Hodgkinson Ventures Inc. with respect to the debt settlements with Hodgkinson Ventures Inc. In the event that the proposed Debt Settlements are not approved by the ordinary resolutions of the disinterested Shareholders, then the Corporation will not proceed with these matters.

**In order to permit the Corporation to obtain new financing, the independent members of the Board of Directors of the Corporation recommend that the disinterested shareholders vote in favour of the ordinary resolutions to approve the Debt Settlements and the consequent increase in the control position of Hodgkinson Equities Corp., and the creation of Hodgkinson Ventures Inc. as a new Control Person of the Corporation, and the persons named in the enclosed form of proxy intend to vote for the approval of the resolutions at the Meeting, unless otherwise directed by the disinterested shareholders appointing them.**

## STATEMENT OF EXECUTIVE COMPENSATION

### 1. Compensation Discussion and Analysis

#### (a) Compensation Committee

The Corporation has a Compensation Committee composed of three Directors: Robert Hodgkinson, Ronnie Bozzer, and Ross Gorrell.

#### (b) Role of the Compensation Committee

The Compensation Committee exercises general responsibility regarding overall executive compensation. The Board approves compensation for executive officers of the Corporation party to a contract with the Corporation after considering the recommendations of the Compensation Committee. Each of the members of the Compensation Committee has extensive experience in management and compensation procedures.

The members of the Compensation Committee do not have fixed terms and are appointed and replaced from time to time by resolution of the Board of Directors.

The Corporation’s Compensation Committee Charter can be found on the Corporation’s website at [www.dxienergy.com](http://www.dxienergy.com) under “Investors/Corporate Governance”.

#### (c) Compensation Discussion

##### (i) Risks Associated with the Corporation’s Compensation Policies and Practices

The Compensation Committee has considered the implications of the risks associated with the Corporation’s compensation practices and has determined that there are no significant areas of risk since the discretionary portion of compensation, that is, share options and bonuses are based on qualitative measures and are at the full discretion of the Board upon the recommendations of the Compensation Committee.

(ii) **Basis of Compensation for Chief Financial Officer (“CFO”)**

The Corporation has but one senior officer under contract. The Corporation compensates its CFO through a combination of base compensation, bonuses and stock options. The base compensation provides an immediate cash incentive for the executive officers. Bonuses encourage and reward exceptional performance over the financial year. Stock options ensure that the executive officers are motivated to achieve long term growth of the Corporation and continuing increases in shareholder value. In terms of relative emphasis, the Corporation places more importance on stock options as long-term incentives. Bonuses are related to performance and may form a greater or lesser part of the entire compensation package in any given year. Each of these means of compensation is briefly reviewed in the following sections.

(iii) **Base Compensation**

Base compensation for the CFO is set by the Compensation Committee and approved by the Board on the basis of the CFO’s responsibilities, experience and past performance. The Corporation’s philosophy is that the CFO is provided a base compensation competitive among companies considered to be a peer group to the Corporation. In 2008, the Corporation hired an external compensation consultant to review the Corporation’s compensation for senior officers. Companies selected for inclusion in this peer group are publicly traded, junior oil and gas exploration companies of a similar size to the Corporation with operations considered to be analogous to those of the Corporation. Compensation information for this peer group was collected from public disclosure for the year of 2008, and adjusted using average salary increases derived from industry surveys to provide a benchmark for 2019 compensation. Additionally, in making such an assessment, the Board considers the objectives set forth in the Corporation’s business plan and the performance of executive officers and employees in executing the plan in combination with the overall result of the activities undertaken.

In 2019, a peer group of comparable publicly-traded oil and gas companies with a similar market capitalization as the Corporation is comprised as follows:

Bengal Energy Ltd.	Perpetual Energy Inc.
Cequence Energy Ltd.	Petrus Resources Ltd.
Condor Petroleum Inc.	TAG Oil Ltd.
Granite Oil Corp.	Touchstone Exploration Inc.

(iv) **Bonuses**

There are two components of the Corporation's bonus program. An annual bonus may be paid for each fiscal year based on the Board's assessment of the Corporation's general performance and the relative contribution of the Chief Financial Officer, to that performance. In addition, there is a non-discretionary portion which may be paid for each fiscal year if the Corporation reaches a certain shareholder return percentage based on the Corporation's stock price performance over a period of time.

(v) **Stock Options**

The Corporation provides long term incentive compensation to its executive officers through its Stock Option Plan, which is considered an integral part of the Corporation's compensation program.

Upon the recommendation of management and approval by the Compensation Committee and the Board, stock options are granted under the Corporation's Stock Option Plan, to new Directors, officers and key employees, usually upon their commencement of employment with the Corporation. Upon the recommendation of Compensation Committee, the Board approves the granting of additional stock options from time to time based on its assessment of the appropriateness of doing so in light of the long term strategic objectives of the Corporation, its current stage of development, the need to retain or attract key technical and managerial personnel in a competitive industry environment, the number of stock options already outstanding, overall market conditions, and the individual's level of responsibility and performance within the Corporation.

The Board views the granting of stock options as a means of promoting the success of the Corporation and creating and enhancing returns to its Shareholders. As such, the Board does not grant stock options in excessively dilutive numbers. Total options outstanding are presently limited to 10% of the total number of shares outstanding under the rules of the TSX (or other stock exchange where the Company's common shares are listed for trading). Grant sizes are, therefore, determined by various factors including the number of eligible individuals currently under the option plan and future hiring plans of the Corporation. See "Information Concerning the Corporation's Stock Option Plan" below for further details.

A total of 3,500,000 stock options were granted to a Named Executive Officer in 2019. The 3,500,000 stock options will expire on September 30, 2020, unless earlier exercised.

Further details regarding the stock option plan are provided under the heading "Statement of Executive Compensation – Incentive Stock Option Plan".

### 3. Incentive Stock Option Plan

The Board implemented a new stock option plan on September 18, 2009 (the “**Option Plan**”) effective December 17, 2009 and amended on January 6, 2012, July 15, 2015 and June 20, 2018, which was approved by the TSX, to replace the 2006 Plan. The Option Plan is a 10% “rolling” plan pursuant to which the number of Common Shares reserved for issuance is 10% of the Corporation’s issued and outstanding Common Shares as constituted on the date of any grant of options under the Option Plan.

Key terms of the Option Plan are summarized as follows:

- The Option Plan is administered by the Board of Directors or, if the Directors so determine, by a committee of the Directors authorized to administer the Option Plan (the “**Committee**”).
- Options may be granted to directors, officers and employees of the Corporation as well as persons or corporations engaged to provide services to the Corporation (or any entity controlled by the Corporation) and any individuals employed by such persons or corporations.
- The number of shares issuable to insiders of the Corporation at any time, under all security based compensation arrangements of the Corporation, cannot exceed 10% of the Corporation’s issued and outstanding shares.
- The number of shares issued to insiders of the Corporation as a group, within any one year period, under all security based compensation arrangements of the Corporation, cannot exceed 10% of the Corporation’s issued and outstanding shares as at the end of such one year period.
- Subject to the limitation applicable to insiders of the Corporation and the limit on the maximum number of options available for issuance under the Option Plan, there is no restriction on the number of options that can be granted to any one person.
- The Board or, if applicable, the Committee will have the authority to determine the exercise price of the options granted under the Option Plan provided that the exercise price must be not less than the market price on the TSX (or other stock exchange where the Company’s common shares are listed for trading) at the time of grant of the options (being the last closing price per Share on the trading day immediately preceding the day the options are granted).
- The Option Plan does not contain provisions allowing for the transform of a stock option into a stock appreciation right.
- Vesting of options will be at the discretion of the Board or, if applicable, the Committee.

- The maximum term of options granted under the Option Plan will be 10 years from the date of grant. The Option Plan provides that the expiry date of options shall be the later of the date set by the Board or the Committee as the last date on which an option may be exercised and, if such date falls during or within five (5) trading days after the end of a “Black-Out Period” (as defined below), the date that is ten (10) trading days following the date on which such Black-Out Period ends (the “**Extension Period**”); provided that if an additional Black-Out Period is subsequently imposed during the Extension Period, then such Extension Period shall be deemed to commence following the end of such additional Black-Out Period to enable the exercise of such Option within ten (10) trading days following the end of the last imposed Black-Out Period. For these purposes, a “**Black-Out Period**” means a period of time during which, pursuant to the policies of the Corporation, trading in Common Shares or options of the Corporation is prohibited or restricted (except where such prohibition or restriction is the result of a cease trade order, or equivalent, imposed by a securities commission or other applicable regulatory authority).
- If an optionee ceases to be eligible to receive options under the Option Plan as a result of termination for cause, any outstanding options held by such optionee on the date of such termination shall be cancelled as of that date.
- If an optionee ceases to be eligible to receive options under the Option Plan for reasons other than termination for cause (or death), any outstanding options held by such optionee at such time shall remain exercisable for a period ending on the earlier of the expiry time of such option or six months after the optionee ceases to be eligible to receive options. Notwithstanding the foregoing, the Board of Directors may, on a case by case basis, allow such options to remain in full force and effect until any time up to the original expiry time of such options, irrespective of whether such expiry time is more than six months after the optionee ceases to be eligible to receive options.
- If an optionee dies, any options held by such optionee at the date of death shall be exercisable in whole or in part only by the person or persons to whom the rights of the optionee under the option shall pass by the will of the optionee or the laws of descent and distribution for a period of one year after the date of death of the optionee or prior to the expiry date in respect of the option, whichever is sooner, and then only to the extent that such optionee was entitled to exercise the option at the date of death of such optionee.
- Options granted under the Option Plan are not assignable or transferable other than pursuant to a will or by the laws of descent and distribution.
- The Board of Directors may from time to time, without shareholder approval and subject to applicable law and to the prior approval, if required, of TSX or any other regulatory body having authority over the Corporation or the Option Plan, suspend, terminate or discontinue the Option Plan at any time, or amend or revise the terms of the Option Plan or of any option granted under, or otherwise governed by, the Option Plan to:
  - (a) make amendments of a clerical or typographical nature and to include clarifying provisions in the Option Plan;
  - (b) implement features or requirements that are necessary or desirable under applicable tax and securities laws;
  - (c) change vesting provisions;
  - (d) change termination provisions for an insider provided that the expiry time does not extend beyond the original expiry time under the Option Plan;

- (e) change termination provisions for an optionee who is not an insider beyond the original expiry time;
- (f) reduce the exercise price of an option for an optionee who is not an insider; and
- (g) implement a cashless exercise feature, payable in cash or securities;

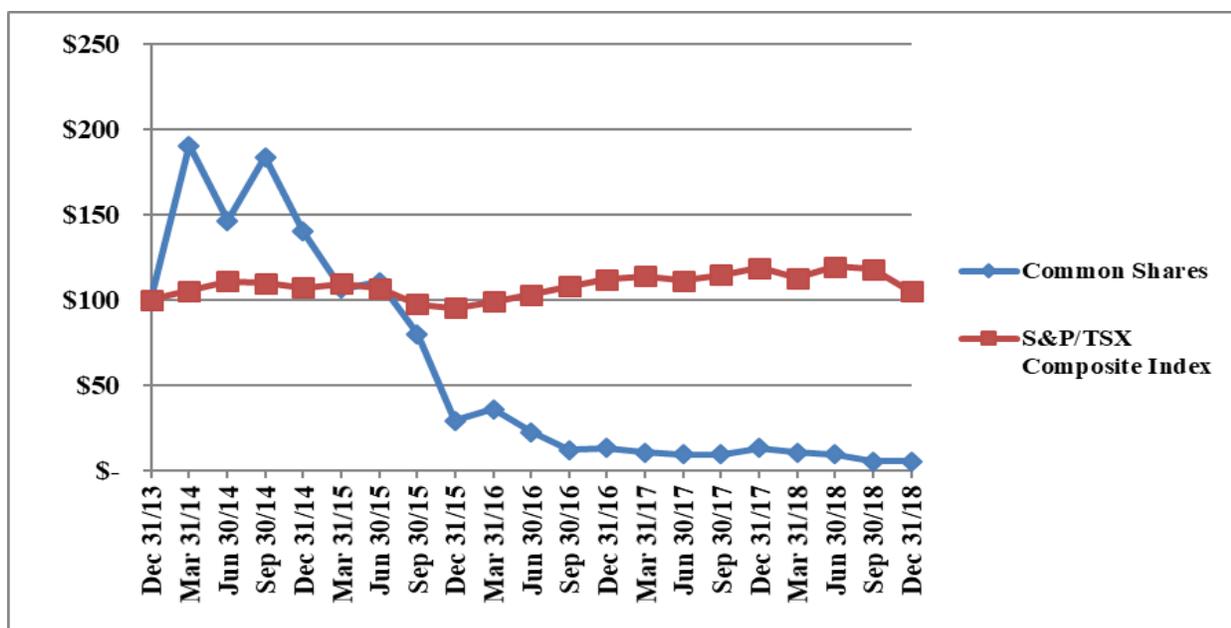

provided that no such amendment, revision, suspension, termination or discontinuance shall in any manner adversely affect any option previously granted to an optionee under the Option Plan without the consent of that optionee. Any other amendments to the Option Plan or options granted thereunder (or options otherwise governed thereby) will be subject to the approval of the Shareholders.

- The Option Plan does not contain any provisions relating to the provision of financial assistance by the Corporation to optionees to facilitate the purchase of Common Shares upon the exercise of options.
- The Option Plan contains adjustment provisions pursuant to which the exercise price of an option and/or the number of securities underlying an option may be adjusted in the event of certain capital changes of the Corporation including, without limitation, share consolidations, stock-splits, dividends and corporate reorganizations. The adjustment provisions are meant to ensure that the rights associated with the option are neither enhanced nor prejudiced as a result of the capital change.
- The Option Plan has as an addendum a sub-plan (the “**US Sub-Plan**”) that is applicable only to those persons entitled to receive options under the Option Plan that are resident in the United States. The purpose of the US Sub-Plan is to ensure that options granted to such persons are made in compliance with the US tax law as an Incentive Stock Option Plan (ISO).
- The Corporation’s annual burn rate under the DXI’s Option Plan was N/A in 2017, 1.79% in 2018 and 1.86% in 2019. The burn rate is calculated by dividing the number of DXI Options granted under the DXI Option Plan during the year by the weighted average number of DXI Shares outstanding for the year.

#### 4. Performance Graph

The following table and graph compare the cumulative total shareholder return on \$100 invested in Common Shares of the Corporation with \$100 invested in the S&P/TSX Composite Index from December 31, 2014 to December 31, 2019 (the Corporation’s most recent financial year end).

Year End	2014 \$	2015 \$	2016 \$	2017 \$	2018 \$	2019 \$
Common Shares	100.00	22.00	10.00	10.00	4.00	3.00
S&P/TSX Composite Index	100.00	88.91	104.48	110.78	97.88	116.61

The trend in overall compensation paid to the Named Executive Officers over the past five years has not directly correlated with increases or decreases of either the market price of the Common Shares or the S&P/TSX Composite Index during the period. The Corporation has not included market price targets of the Common Shares as a component of the Corporation’s executive compensation program and strategy.

## CORPORATE GOVERNANCE DISCLOSURE

A summary of the responsibilities and activities and the membership of each of the committees are set out below.

National Policy 58-201 (“**NP 58-201**”) establishes corporate governance guidelines which apply to all public companies. The Corporation has reviewed its own corporate governance practices in light of these guidelines. ### **Independence of Members of Board**

The Corporation's Board is expected to consist of three Directors post-Meeting, two of whom are independent based upon the tests for independence set forth in National Instrument 52-110. Messrs. Bozzer and Gorrell are independent. Mr. Hodgkinson, who is also the Acting President and Chief Executive Officer of the Corporation, is not an independent Director.

The role of the Chairman is to enhance Board effectiveness by ensuring that the responsibilities of the Board are understood by the Board and management, ensuring the Board has adequate resources to support its decision-making requirements, and ensuring there is a process in place for monitoring legislation and best practices and to assess the effectiveness of the Board on a regular basis. The Chairman presides at meetings of the Board and the Shareholders of the Corporation, provides leadership to the Board and assists the Board in reviewing and monitoring the strategy, goals, objectives and policies of the Corporation, and communicates with the Board to keep it current on all material developments. The Chairman also ensures that the independent Directors have adequate opportunities to meet to discuss issues without management present and communicates to management as appropriate the results of private discussions among independent Directors. The independent Directors hold regularly scheduled meetings at which non-independent Directors and members of management are not in attendance. Since the beginning of the Corporation’s most recently completed fiscal year ended December 31, 2019, the independent Directors have held 4 such meetings.

The Governance and Nominating Committee has the responsibility to take initiatives to ensure that the board of directors can function independently of management, including, without limitation, recommending to the board of directors mechanisms, including the appointment of a committee of directors independent of management, to allow directors who are independent of management an opportunity to discuss the Corporation's affairs in the absence of management.

The attendance record of each Director at Board meetings since the beginning of the Corporation’s most recently completed fiscal year ended December 31, 2019 is as follows:

Name	Number of Meetings Attended
Robert Hodgkinson	4 out of 4
Simon Raven <sup>(1)(2)</sup>	2 out of 4
Sean Sullivan <sup>(2)</sup>	4 out of 4

Name	Number of Meetings Attended
A. Ross Gorrell	4 out of 4
Ronnie Bozzer	4 out of 4
Stan Page <sup>(2)</sup>	4 out of 4
Edward Aabak <sup>(2)</sup>	4 out of 4

<sup>(1)</sup> Mr. Raven was appointed as director on June 12, 2019. There were 2 meetings held prior to June 12, 2019.

<sup>(2)</sup> Resigned from the Board on March 31, 2020 and ceased to be a director of the Corporation effective that date.

## Board Mandate

The mandate of the Board, as stated in Corporation’s Articles and subject to the *Business Corporations Act* (British Columbia) (“**BCBCA**”), is to manage or supervise the management of the business and affairs of the Corporation. The Board has the authority to exercise all such powers of the Corporation as are not, by the BCBCA or by the Corporation’s articles, required to be exercised by the Shareholders of the Corporation.

## Position Descriptions

The Board Chair is responsible to the Board for annually proposing the leadership and membership of each committee. The Corporation has formed four committees – the Audit Committee, the Compensation Committee, the Governance and Nominating Committee and the Reserves Committee.

The Chairman of the Audit Committee is responsible for presiding at meetings of the Audit Committee and for investigating any complaints made against the Corporation through the whistleblower policy. Any responsibility which is not delegated to senior management or a Board committee remains with the full Board.

The Chairman of the Compensation Committee is responsible for leading the committee in overseeing the management’s formulation of human resources and compensation policies and procedures of the Corporation.

The Chairman of the Governance and Nominating Committee is responsible for developing and maintaining a set of corporate governance principles and guidelines applicable to the Corporation and review and approve the Corporation’s annual disclosure of corporate governance compliance.

The Chairman of the Reserves Committee is responsible for managing the affairs of the committee, working with the officers of the Corporation regarding its reserves and communicating with the Corporation’s independent petroleum consultants.

The Board has developed a written position description for the Chief Executive Officer.

## Management Supervision by Board

The size of the Corporation is such that all the Corporation’s operations are conducted by a small management team which is also represented on the Board. The Board considers that management is effectively supervised by the independent Directors on an informal basis as the independent Directors are actively and regularly involved in reviewing and supervising the operations of the Corporation and have regular and full access to management. The independent Directors are however able to meet at any time without any members of management including the non-independent Directors being present.

Further supervision is performed through the Audit Committee which is composed of a majority of independent Directors who can meet with the Corporation's auditors without management being in attendance. The independent Directors exercise their responsibilities for independent oversight of management through their majority control of the Board.

2. access to recent, publicly filed documents of the Corporation;
3. access to management; and
4. summary of significant corporate and securities responsibilities.

Board members are encouraged to communicate with management, auditors and technical consultants; to keep themselves current with industry trends and developments and changes in legislation with management's assistance; and to attend related industry seminars and visit the Corporation's operations. Board members have full access to the Corporation's records.

### **Ethical Business Conduct**

The Board views good corporate governance as an integral component to the success of the Corporation and to meet responsibilities to Shareholders.

The Board has adopted a written Code of Conduct (the “**Code**”) for its Directors, officers and employees. The Code was filed in the Corporation's SEDAR profile at [www.sedar.com](http://www.sedar.com) on April 18, 2007. The Board has instructed its management and employees to abide by the Code and to bring any breaches of the Code to the attention of the Board or management. No material change reports have been filed by the Corporation since the beginning of the Corporation's most recently completed financial year pertaining to any conduct of a director or executive officer that constitutes a departure from the Code.

The Board requires that directors and executive officers who have an interest in a transaction or agreement with the Corporation promptly disclose that interest at any meeting of the Board at which the transaction or

agreement will be discussed and abstain from discussions and voting in respect to same if the interest is material or if required to do so by corporate or securities law.

### **Board Member's Nomination Process**

#### **(a) Identification Process**

New Board Members are identified by either the Governance and Nominating Committee ("Committee") or by a majority of the Board's independent Directors. The Committee is responsible for identifying, assessing, making recommendations as to candidates for election to the Board with a view to the independence and expertise required for effective governance and compliance with the applicable regulatory requirements. The Committee shall consist of no fewer than three members, each of whom shall be appointed and removed by the Board.

#### **(b) Independence of Governance and Nominating Committee**

The Governance and Nominating Committee, which is responsible for the nomination of board members, is composed entirely of independent directors.

In lieu of a Committee, the Board will act to carry out the process and actions of nomination by the Board acting as the Committee. The majority of the Board's independent Directors must approve these actions. In the case that the Board is acting as the Committee, all references hereinafter to the Committee shall refer to the Board acting as the Committee.

#### **(c) Responsibilities, Powers and Operation of the Governance and Nominating Committee**

The Committee shall have the responsibility to develop and recommend criteria for the selection of new Directors to the Board, including but not limited to diversity, age, skills, experience and time availability (including the number of other boards he or she sits on in the context of the needs of the Board and the Corporation). The Committee shall have the power to apply such criteria in connection with the identification of individuals to be Board members, as well as to apply the standards for independence imposed by all the applicable laws and regulatory requirements and the underlying purpose and intent thereof in connection with such identification process.

When vacancies occur or otherwise at the direction of the Board, the Committee shall actively seek individuals whom it determines meet such criteria and standards for recommendation to the Board. The Committee shall have the authority to retain and terminate any search firm to be used to identify director candidates and shall have authority to approve the search firm's fees and other retention terms, at the Corporation's expense.

The Committee shall select and recommend, on an annual basis, nominees for election as Directors for the next annual meeting of Shareholders and it may form and delegate authority to subcommittees or members when appropriate. The Committee shall be entitled to rely, in good faith, on information, opinions, reports or statements, or other information prepared or presented to them by (i) officers and other employees of Corporation, whom such member believes to be reliable and competent in the matters presented, and (ii) counsel, public accountants or other persons as to matters which the member believes to be within the professional competence of such person.

## **Expectations of Management**

The Board expects management to operate the business of the Corporation in a manner that enhances Shareholder value and is consistent with the highest level of integrity. Management is expected to execute the Corporation's business plan and to meet performance goals and objectives.

## **Assessments**

The Board does not consider that formal assessments would be useful at this stage of the Corporation's development. The Board conducts informal annual assessments of the Board's effectiveness, the individual Directors and each of its Committees. To assist in its review, the Board conducts informal surveys of its Directors on their assessment of the functioning of the Board and reports from each Committee respecting its own effectiveness. As part of the assessments, the Board or the individual Committee may review their respective mandate or charter and conduct reviews of applicable corporate policies.

## **Diversity**

The Corporation has not adopted a written policy relating to "diversity", whether with respect to the identification and nomination of women as members of the Board or as executive officers. As at December 31, 2019, there were no female Board members or executive officers. The Corporation has not set specific gender representation targets for Directors, as the Governance and Nominating Committee instead recommends Board nominations based on qualifications, regardless of gender. Similarly, the Corporation has not set specific gender representation targets for executive officers, preferring to make such appointments based solely on merit. The Corporation values diversity and is committed to providing equal opportunity in all aspects of the Corporation.

## **Other Board Committees**

In addition to the committees set out above, the board of directors has established a reserves committee, to assist the Board in monitoring the integrity of the oil and gas reserves of the Corporation, compliance by the Corporation with legal and regulatory requirements related to reserves, qualifications, independence and performance of the Corporation's independent reserve evaluators, and the performance of the Corporation's procedures for providing information to the independent reserve evaluators. The reserves committee is comprised of three members, A. Ross Gorrell, Robert Hodgkinson and Ronnie Bozzer.

The charter for the reserves committee includes the following responsibilities:

- reporting committee actions to the Board with such recommendations as the committee may deem appropriate,
- providing a report of management and Directors on oil and gas disclosure for the Corporation's annual information form as prescribed in Form 51-101F3 of National Instrument 51-101,
- annually engage the independent reserve evaluators and evaluate the performance of the independent reserve evaluators,
- ensuring no restrictions are placed by management on the scope of the reserve evaluators' review and examination of the Corporation's information,
- ensuring that no officer, director or employee attempts to fraudulently influence, coerce, manipulate or mislead any evaluator engaged in the preparation of the Corporation's oil and gas reserves statements, and

- reviewing process and results in relation to the completion of the reserve evaluations.

### **Majority Voting Policy**

The Board has adopted a policy (the “**Majority Voting Policy**”) attached hereto as Schedule “B” providing for majority voting in director elections at any meeting where an “uncontested election” of directors is held. An “uncontested election” means an election where the number of nominees for election as directors is equal to the number of directors to be elected.

Pursuant to the Majority Voting Policy, the forms of proxy circulated in connection with a meeting of Shareholders at which an election of directors is conducted will provide Shareholders with the ability to vote in favour of, or to withhold from voting for, each director nominee. If the number of proxy votes withheld for a particular director nominee is greater than the votes in favour of that nominee, the director nominee is required to immediately tender his or her resignation to the Chair of the Board. Following receipt of a resignation, the Nominating and Corporate Governance Committee will consider whether or not to accept the offer of resignation and will recommend to the Board whether or not to accept it. The Nominating and Corporate Governance Committee will be expected to recommend that the Board accept the resignation unless the committee determines there are exceptional circumstances that will warrant the continued service of the resigning director. Within 90 days following the applicable meeting of Shareholders, the Board is required to make its decision on the Nominating and Corporate Governance Committee’s recommendation. The Board is expected to accept the resignation of the resigning director unless the Board determines there are exceptional circumstances that warrant the continued service of the resigning director. The Board is required to promptly publicly disclose its decision, including the reasons for rejecting the resignation offer, if applicable. If a resignation is accepted, the board of directors may, in accordance with the Corporation’s bylaws and the *Business Corporations Act* (British Columbia) appoint a new director to fill the vacancy created by the resignation, reduce the size of the board of directors, leave the vacancy open, call a special meeting to fill the vacancy, or any combination of the foregoing. A resigning director is not permitted to participate in any deliberation of the Governance and Nominating Committee or the board of directors at which his or her resignation is to be considered. In the event that any director who received a greater number of proxy votes withheld than votes in favour of such director’s election does not tender his or her resignation in accordance with the Majority Voting Policy, he or she will not be nominated by the board directors.

### **Directors’ and Officers’ Liability Insurance**

The Corporation maintains a policy of insurance for the Directors and officers, as applicable, of the Corporation. The aggregate limit of liability applicable to all insured Directors and officers under the policy is \$1.0 million inclusive of defence costs. Under the policy, the Corporation has reimbursement coverage to the extent that it has indemnified the insured Directors and officers in excess of a deductible of \$50,000 for each loss. The annual premium for 2020 is \$18,900 (2019: \$18,000), which is paid by the Corporation.

### **GENERAL**

## SCHEDULE “B”

### MAJORITY VOTING POLICY

The Board of Directors is committed to fulfilling its responsibility for the stewardship of DXI Energy Inc. (the “**Corporation**”) and the enhancement of shareholder value, and believes that each member of the Board of Directors should carry the confidence and support of the Corporation’s shareholders. The Board of Directors has, in light of best practice standards in Canada, unanimously adopted this statement of policy providing for majority voting in director elections at any meeting of the Corporation’s shareholders where an “uncontested election” of directors is held. For the purposes of this policy, an “uncontested election” of directors of the Corporation means an election where the number of nominees for directors is equal to the number of directors to be elected. An “uncontested election” shall not include an election of directors where the directors determine that there is in effect a contest for the election of the directors.

The forms of proxy circulated in connection with a meeting of the Corporation’s shareholders at which an uncontested election of directors is to be conducted provides the Corporation’s shareholders with the ability to vote in favour of, or to withhold from voting for, each director nominee. If the number of proxy votes withheld for a particular director nominee is greater than the votes in favour of such nominee, the director nominee shall be required to promptly submit his or her resignation to the Chair of the Board of Directors following the applicable meeting of the Corporation’s shareholders.

Following receipt of a resignation submitted pursuant to this policy, the Nominating and Governance Committee of the Corporation (the “**Governance Committee**”) shall consider whether or not to accept the offer of resignation and shall recommend to the Board of Directors whether or not to accept it. With the exception of exceptional circumstances that would warrant the continued service of the applicable director on the Board of Directors, the Board of Directors shall accept the resignation.

Within 90 days following the applicable meeting of the Corporation’s shareholders, the Board of Directors shall make its decision, on the Governance Committee’s recommendation. Following the Board of Directors’ decision on the resignation, the Board of Directors shall promptly disclose, via press release (a copy of which shall be provided to the Toronto Stock Exchange), their decision whether to accept the Director’s resignation offer including the reasons for rejecting the resignation offer, if applicable. If a resignation is accepted, the Board of Directors may in accordance with the provisions of the Corporation’s articles and the *Business Corporations Act* (British Columbia), as may be amended and/or supplemented from time to time, appoint a new director to fill any vacancy created by the resignation, reduce the size of the Board of Directors, leave any vacancy open until the next annual general meeting of the shareholders of the Corporation, call a special meeting of shareholders at which there will be presented nominees to fill any vacancies, or any combination of the above.

A Director who tenders his or her resignation pursuant to this majority voting policy shall not be permitted to participate in any deliberations or vote of the Governance Committee and/or the Board of Directors at which his or her resignation is to be considered.

In the event that a sufficient number of the Governance Committee members received a greater number of proxy votes withheld than the votes for such members in the same election, such that the Governance Committee no longer has a quorum, then such members of the Governance Committee receiving a majority withheld vote shall not be permitted to participate in any deliberations or vote at the meeting of the Governance Committee at which his or her resignation is to be considered, however he or she shall be counted for the purpose of determining whether the Governance Committee has quorum. If all the members of the Governance Committee received a greater number of proxy votes withheld than the votes for each

member in the same election, then the Board of Directors shall consider whether or not to accept the offer(s) of resignation without a recommendation from the Governance Committee.

In the event that a sufficient number of the Board of Director members received a greater number of proxy votes withheld than the votes for such members in the same election, such that the Board of Directors no longer has a quorum, then such Directors receiving a majority withheld vote shall not be permitted to participate in any deliberations or vote at the meeting of the Board of Directors at which his or her resignation is to be considered, however he or she shall be counted for the purpose of determining whether the Board of Directors has quorum. Notwithstanding the above, if all of the members of the Board of Directors received a greater number of proxy votes withheld than the votes for each member in the same election, then the entire Board of Directors shall consider whether or not to accept the offers of resignation.

In the event that any Director, who received a greater number of proxy votes withheld than votes in favour of such Director's election, does not tender his or her resignation in accordance with this majority voting policy, he or she will not be re-nominated by the Board of Directors.

The Corporation shall promptly advise the Toronto Stock Exchange if a director receives a majority "withhold" vote and shall publish the voting results for the election of directors in the manner required by applicable laws.

The Governance Committee may adopt such procedures as it sees fit to assist it in its determinations with respect to this policy.

Policy approved March 31, 2017
