

A NEW YEAR MEANS YOU HAVE A NEW OPPORTUNITY TO IMPROVE YOUR HEARING!

Are you...

- A new hearing aid user?
- A user who's challenged in noisy environments?
- A user who can hear, but has difficulty keeping up with conversation?
- A user who seeks optimal performance in noise, focused listening, and enhanced memory?

Amptify

If you fall into any of these groups, you need to give your hearing aids a boost.

Hearing aids are proven to be more effective when paired with auditory training, which can help slow down, stop, and even reverse hearing complications that originate in the brain. Start auditory training today to improve your hearing in 12 weeks with Amptify™, a specialized program composed of digital games that are fun, challenging, & rewarding.

When it comes to your hearing, Amptify will help you:

Build Confidence

Focus in Noise

Improve Accuracy
