# U17 Korfball World Cup 2018

## Vijfkamplaan, Eindhoven

### Rules

1. The match schedule and playing time are as follows:  
Saturday:
  - a. The teams will play for rankings in round robin format within their own group. 2 x 15 minutes real play time, with 1 time out per team.  
On the concluding day:
  - b. Place 1-4:  
The numbers 1 and 2 of group A and B will play cross matches to decide who will play in the final and who will play for places 3 and 4. Both cross matches and final and place 3-4 match will be 2 x 17,5 minutes real playtime, with 1 time out per team.
  - c. Place 5-10:  
The ranking of the pools A and B, decides a new Group C (A3-A4-A5-B3-B4-B5). Teams will play matches against teams who they did not have played against yet, with the exception of the equally finished team in the other group A or B. A ranking in group C will be made, inclusive played matches on the first day against each other.  
2 x 15 minutes real play time, with 1 time out per team.  
Place 9-10: C5 – C6  
Place 7-8: C3 – C4  
Place 5-6: C1 – C2
2. Ranking shall be determined according to the number of points earned (highest to lowest).
3. Whenever two teams are equal on match points, their ranking shall be decided by the result of the match between those two teams.
  - a. If no winner can be designated as a result of the previous rule, the goal balance in the group will be conclusive.
  - b. If no winner can be designated as a result of the previous rule, the scored goals in the group will be conclusive.
  - c. If after applying previous rules the teams cannot be ranked, then penalties have to be taken by 4 (four) male and 4 (four) female players of the teams.
  - d. If after applying 3.a, b and c the teams cannot be ranked then a next round of penalties has to be taken to decide on the ranking.
4. Whenever three teams or more are level on match points then the ranking of those teams shall be decided as follows:
  - a. By the goal balance scored in favour and against in the matches between those three teams. The team having the greatest positive goal balance will be placed highest and the team with the smallest goal balance will be placed lowest. If this will result in only one team being ranked and the other two teams are still equal, then clause 3 shall apply for these two teams.
  - b. If after applying clause 4.a the goal difference is the same for all three teams, then the number of goals scored in the matches between the three teams shall decide the rankings with the team having scored the most goals placed highest and that having scored the least goals placed lowest. If this will result in only one team being ranked and the other two teams are still equal, then clause 3 shall apply for these two teams.
  - c. If after applying a and b the teams cannot be ranked, then penalties have to be taken by 4 (four) male and 4 (four) female players of the teams.
  - d. If after applying 3.a, b and c the teams cannot be ranked then a next round of penalties has to be taken to decide on the ranking.
5. The games will be played in accordance with the Rules of the Game and the Match Regulations of the IKF.

# U17 Korfball World Cup 2018

## Vijfkamplaan, Eindhoven

6. In all matches six substitution players are allowed without the approval of the referee. The replaced player is allowed to participate to the game again. This will be a player's change also. Each player can be changed within the six permitted replacements.  
Leaving and returning into the game can be done on the whistle of the referee. The player coming off, cannot be going back on in the other division, on the same whistle.
7. For all matches one time out per team is allowed.
8. For all matches the winning team obtains 3 (three) points and the losing team obtains no points. In case of a draw, the winner is determined by the use of a 'golden goal' as described below. If there is no winner after the 'golden goal' period, then the winner shall be determined by the taking of penalties. The procedure for this is also shown below. For a win after a "golden goal", or penalties following a "golden goal", then the winning team shall earn 2 (two) points and the losing team 1 (one) point.

### Golden goal and penalties

If a game has ended in a draw, a decision will be obtained by use of a 'golden goal' as described below.

1. If in order to reach a decision 'golden goal' period has to be played, the game will be re-started after a three-minute interval. Except where any substitutions are made at this time in due accordance with the rules of the game, the players must be those who were playing at the final whistle.
2. The Golden goal period shall operate as follows:
  - a) The teams shall line up in the same zones and shall attack the same ends as at the end of normal time.
  - b) A toss will be made to determine which team shall start the golden goal period. For the purposes of this section of the rules, the winners of the toss will be referred to as the starting team and the losers of the toss will be referred to as the opposing team.
  - c) Provided both teams have had an opportunity to attack (i.e. had possession in the attack zone) then the first team to score shall be the winners.
  - d) If the starting team scores in their first attack (i.e. with the opposing team not having had possession in their attack zone) then the opposing team shall have an opportunity to attack and score. The opposing team's attack is considered to be over when possession is obtained by an attack player of the starting team who is standing in his/her own attack zone. In this case, the requirement that both teams have had an opportunity to attack has been met with the starting team being declared the winners.
  - e) If the starting team scores in their first attack and this is matched by the opposing team in their first attack, then the game continues with the teams changing zones and the starting team restarting the match. The above provisions about having an opportunity to attack still apply and the game will continue in a similar manner until a winner is achieved.
  - f) If there is no winning score after five-minute real playing time of golden-goal-play, then penalties will be taken as set out below.
3. If in order to reach a decision penalties have to be taken after regular playing time of the match, these penalties will be taken by sudden death. Substitutions may still be made provided they are made in due accordance with the rules of the game. The referee will toss a coin to determine which team will start. The winner of the toss will start. One player of each team concerned will alternately take one penalty each. If both players scored or both players missed then further penalties will be taken by one other player each team. This series ends when one team has scored more penalties.
