# Very powerful self-propelled all adaptable glass handler lifting up to 420 kg/925 lbs.

- Intelligent all adaptable glass handler for millimeter precise maneuverability of flat materials
- No Outriggers less floor space required
- Drives through narrow passages down to 83,3 cm/33"

The most secure vacuum system with two separate 200% systems.

Two 159AH 12V batteries in series provide a powerful battery pack and ensure optimal autonomy. Recharges over night.

All moving parts are controlled by the powerful and extremely precise hydraulic system.

The GLG all adaptable handlers are the most precise lifters in the world when combined with the extremely heavy loads.
