## 2021 Tuition Fees and Levies Annual Amounts

### Tuition Fees and Levies

Each year, tuition fees and levies are charged to cover the unfunded component of school expenditure and for the 2021 school year these amounts are shown below in the Table of Fees.

A component in the fee structure is used for capital purposes and this enables the College to fund a Building Improvement Program, as well as new computers, plant and other equipment.

A sibling discount of \$625 per student applies for second and subsequent children attending the College.

*Please note: VET fees, music lessons and instrument hire fees are not included in the fees below.*

Year Level	Tuition Fee	Capital Levy (per family)	Parents' Association Levy	Total
