

Spacetime Studios

Spacetime's new studio in the heart of Harwell Campus brings a wide range of professional digital media production capabilities to the UK's innovation hub, with the aim of helping you engage with your audience, tell your stories, and bring projects to life.

Our widespread digital production capabilities include:

Video Production

Create engaging films, documentaries, interviews, trailers in ultra high definition.

Sound Production

Record interviews, podcasts, chat shows and events in the highest audio quality.

Photo Production

Professional photography for team photo-shoots, products, projects and your premises.

Live Streaming

Broadcast video and audio events, interviews, updates and shows to a live, interactive audience online.

Post Production

Fine tune content for each audience and purpose, including video editing & colour correction.

Equipment & Studio Hire

Hire out portable & professional equipment including cameras, lighting and audio equipment.

To help bring your stories and projects to life, we also offer:
