

# Get AmpedUp! EV Charging for MUDs

*Your EV Driver Tenants and Condo Owners are Growing - Provide them with a Convenient Trouble-free Charging Solution*

## Benefits of EV Chargers at MUDs

- ◆ Satisfy charging needs of your EV driver MUD residents
- ◆ Attract new EV drivers to the property
- ◆ Gain a new profit center from EV charging revenues
- ◆ Increase property value
- ◆ Comply with impending state and city regulations

## Assigned or Shared Parking

Whether your property has assigned or shared parking, AmpedUp! has the right solution for your EV driver residents

- **Assigned Charging Stations** - Charging stations can be assigned to one or more residents
- **Hassle-free Scheduled Charging** - Residents can set scheduled charging during certain hours
- **Convenient RFID Tag Charging** - With the swipe of an assigned RFID tag, residents can start a charging session
- **Amazon Alexa Control** - A resident can start, schedule, or check the status of a charging session with simple voice commands

- **Memberships Charging** - Set discounted pricing for residents vs visitor charging
- **Optimize Charging Times** - Set charging availability for certain times of the day to take advantage of better utility rates
- **Set Session Time Limits** - Ensure availability of the chargers
- **Coupons for Visitors** - Provide discounted charging rates via coupons to visitors
- **Idle Fees** - Ensure drivers move their vehicle or be charged idle fees
- **Wait List** - Residents can get in a wait queue during busy charge times
