

## YEAR 11 GCSE EXAM ARRANGEMENTS 2018

- For **morning exams** you must be lined up ready to enter the exam hall at **8:25am**.
- For **afternoon exams** you must be lined up ready to enter the exam hall at **12:40pm**.
- This programme replaces study leave and brings us into line with other good and outstanding schools locally and nationally. **Up until the half term holiday (25th May) attendance is compulsory; you are expected to attend all relevant exam preparation sessions after half term.** During this period you are expected to go straight to your timetabled lesson when your morning exam finishes.
- This timetable contains all the information you need for the GCSE exam period. It tells you when all the exams are, in addition to when teachers are delivering exam preparation sessions. It also informs you when you should be in normal lessons.
- There are a small number of occasions when some students will be working independently on their revision and exam preparation in supervised study rooms. These are clearly identified in this timetable.
- On your copy of this timetable **you must record the room you need to go to for all exam preparation sessions**—your class teachers will give you this information by the 20th April.
- **After half term**, when you are on the academy site in between exams or exam preparation sessions, you must be in **the sixth form common room**. Usually this would be between 11:10am and 12:10 pm.

DATE	AM	PM
