

Online Safety

Instructions

For this activity you will need:

- A pencil/pen
 - Use of the internet for research (optional)
-

Nowadays it's more important than ever to know how to stay safe online.

Your challenge is to create an Online Safety poster that tells your friends how they can stay safe online and advice on sharing things online. You also need to think about cyberbullying, how to prevent it and what to do if it is happening.

You have six different boxes to fill in. Think about your advice carefully, you might want to speak to an adult or do some online research to help you. You might have been spoken to about Online Safety at school and remember some of the information.

No matter where you gather your information from, remember that this poster needs to be full of useful information to help people stay safe online.

Online Safety

Give 3 examples of where you can share things online?
