

26 February 2021

Dear Parents and Carers

You will be aware that the government have announced the return to school for all students from 8 March 2021. It will be wonderful to see our students again and to offer on-site, face-to-face learning. An update to the Schools Coronavirus (COVID-19) operational guidance has been issued and we are working through this and revising our risk assessments.

The leadership team are in the process of finalising our return to onsite learning plans and will communicate these with you next week. Please be aware that for us to best facilitate the lateral flow testing process we will be having a staggered return for some students. Please rest assured remote learning provision will remain in place until all students are fully back into the normal school day routine.

Over the coming days, please support your child to continue to access remote learning. It is vital that they do fully engage to allow them to progress their learning in advance of the return.

I would like to take the opportunity to thank you for your continued support during what has been an extremely challenging time for us all.

Yours faithfully

Jennifer Thornton

Acting Principal
