

Verodin Job Posting – Integrations Engineer, Engineering

Who We Are

Verodin is reshaping how organizations measure, manage and improve cyber security effectiveness. Evangelizing a technology movement takes more than just a good sales pitch. As a team, we obsess over helping our customers:

- Assess their current state and expose true security gaps
- Establish a means to measure security effectiveness and demonstrate improvement over time
- Realize the maximum potential of existing security investments
- Raise the bar for the entire security organization

If you're passionate about security, have the core competencies outlined below and are looking to join a team on a mission, Verodin is the place for you.

The Team and The Role

The Verodin Ecosystem team is at the core of the Verodin mission to Instrument Security. Come be part of a fast-paced team that focuses on delivering solutions to the most challenging problems facing Information Security professionals today, while we define a new market.

We are currently seeking an Integrations Engineer to join our team at our Verodin Headquarters in Virginia. Do you like learning new technologies? Does working with clients to unlock new potential excite you? Are you a master at interpreting APIs and seeing unique opportunities? If so, we are looking to expand our team that transforms how our customers can use security metrics to improve their environments.

Job responsibilities include:

- Create new integrations with security technologies and IT infrastructure of all types
- Updating the existing Verodin integrations
- Writing tests to ensure accuracy, effectiveness, and reliability of integrations

Required qualifications include:

- Experienced with Ruby on Rails
- The ability to consume and integrate with 3rd party APIs quickly
- Familiar with JavaScript
- Familiar with Python

Desired qualifications include:

- Experience with variety of security technologies, including firewalls, endpoint solutions, proxies, etc.
- Familiarity with cyber security use cases

To apply for this role, please send your CV/resume and a detailed cover letter describing why you're a fit to careers@verodin.com.

Verodin is an equal-opportunity employer.
