Dear Messrs.:

On behalf of HOPE Christian Schools, I would like to thank you for your generous contribution. We greatly appreciate the \$1,500 gift to the Annual Fund. Your continued support is incredibly helpful and allows us to continue to prepare our students for college as they learn about their Savior.

As I mentioned at the Welsmen dinner, HOPE was selected from 3,500 schools nationwide to be featured in Samuel Casey Carter's new book, "On Purpose: How Great School Cultures Form Strong Character." Here are a few quotes from the book:

- "The community at HOPE is first and foremost a community of faith. As an article of that faith, students and teachers at HOPE are brought together in community through the person of Christ. This is not a symbolic bond, but an essential union they share with one another as sons and daughters of God with the same hope for the future and sharing the same eternal purpose. It is the depth of this bond that enables HOPE to achieve its mission."
- "We have heard how the children at HOPE feel loved. This is not just the by-product of a Christian community's faith in God shared with their students; this is the intentional result of very purposeful human action. The environment is as friendly as any you have ever entered."
- "Families that want greater continuity between what is learned at home and what is taught in school (and families that for whatever reason cannot provide much structure at home) take great comfort in how seriously the concepts of team and family are brought to life every day through the school culture at HOPE."

Your commitment to our mission means so much to me – but even more to the students and families of HOPE Christian Schools.

Dear Mr. Knack,

Thank you for your support of HOPE Christian Schools. Your belief in our mission is invaluable and a key to our continued success. It is through partnerships, with friends like you, that HOPE is able to provide an exemplary educational experience for children throughout central city Milwaukee. From the youngest pupil, to our high school graduates, HOPE is preparing students for college, promoting character growth and nurturing a strong Christian faith.

I'd like to share an example of how your investment, combined with the hard work of our scholars and staff, has made a historical impact in our community. ***For the second year in a row, HOPE Christian High School seniors earned 100% college acceptance and received over one million dollars in scholarships and grant offers.***

On May 31<sup>st</sup>, we celebrated this phenomenal achievement at our 1<sup>st</sup> Annual Senior Signing Day. Like a traditional signing day where athletes announce their college plans, each senior revealed the school they will attend this fall. The event was attended by family, friends, peers and HOPE Network partners, including congratulatory addresses from Governor Scott Walker and Lt. Governor Rebecca Kleefisch.

Many of our seniors are the first in their families to attend college. They have pushed past barriers and exceeded expectations – a testament to their tenacity and resilience. As they take the next step in their academic careers, they will go equipped with confidence and prepared for success!

Again, thank you for helping us make all of this possible for our scholars. This has been an incredible year of triumph and growth for HOPE Christian Schools, and the best is yet to come!

Have a wonderful summer,
