

Particle Board Policy

Not all furniture is made equal. Some items such as lightweight Particle Board bookshelves do not hold up during moves. Because of this we have implemented the following policy

- Assembled particle board furniture will not be eligible to be moved by the department.
- Any assembled particle board furniture you request moved by the conference will not be eligible for damage claims.
- Oregon Conference Moving Department personnel will document any particle board furniture you request moved and require you to sign a waiver before moving the furniture.
