

## Ready from 2 week days\*

High quality scans performed on site with professional grade scanners. Prices are for raw scans. For basic colour correction see charges at bottom of page. Please note, older films often degrade in quality over time in which case the prints may be of better quality to scan.

**File "Delivery"** For smaller orders (up to 100mb) we'll email you a Dropbox link to download. Larger jobs on disc or self supplied USB.
