

FUTURE LEGENDS

# Scholar Grant Application

Dear Future Legends Scholar,

The Future Legends program has always upheld the idea that a well-rounded education is in the best interests of every student. That's why we put so much effort into Mentoring and enrichments like Steps for Success. We believe in augmenting classroom learning wherever possible to prepare you for the challenges of leading our society into tomorrow.

This can mean incurring costs beyond tuition so we're making a special grant available exclusively for Future Legends Scholars.

Using the form below you are invited to apply for grant assistance. Grants will be awarded on a case by case basis with a maximum of one award per Scholar per year. Grants are available on a first-come basis. At certain times of year the grant fund may be fully depleted before all Scholars have had a chance to apply.

Typical grants range from \$200 to \$400 and are intended for expenses like a pass to a symposium, extracurricular research, an academic subscription, help with an independent study project or to offset education-related travel costs. In all cases, grants must relate to your major field of study.

Fill out the form below and submit it to your mentor for review. A decision about your request will be communicated to you within 10 days. Please take this into account when considering timing. Unfortunately, "rush" timing cannot be accommodated.

Email your completed form with the Subject line <<YourLastName>> **Scholar Grant** as an attachment to your mentor.
