

February 3, 2016

To: OPRA Market Data Recipients

Subject: ISE MERCURY LAUNCH AND INDUSTRY TEST

LAUNCH DATE

The ISE Mercury exchange application has been approved and the exchange will launch on Tuesday, February 16th, 2016. Their OPRA Participant identifier is 'J'.

INDUSTRY TEST DATE

An industry test will be conducted this coming Saturday, February 6th.

ISE Mercury will provide a replication of its production system for testing from 9:00AM to 1:00PM ET. (ISE and ISE Gemini data will not be disseminated as part of the test). The session will simulate a normal production trading day. Data recipients can expect to see quotes and market data across the OPRA feed.

The product list for use during the simulation session is listed below:

SPY	ADSK	CSCO	AA	ISRG	BAC	GLD	BABA
TBT	A	DIA	AAPL	MSFT	C	XLE	COST
VZ	GOOG	FB	ADBE	QQQ	EEM	TSLA	UA
