Subject: OPRA Migration to new Pillar SIP Platform: Documentation Updates 3

What You Should Know:

As previously [announced](#), OPRA will be migrating to the new Pillar SIP platform on **July 26, 2021**. Built using the architecture of the NYSE Pillar platform, the Pillar SIP is distributed, scalable, resilient, and designed for low latency (e.g., under 20 microseconds at the median).

Documentation Updates:

Updates and supplemental information for the OPRA Pillar migration are available in the following documents on the www.opraplan.com/pillar landing page:

- OPRA SIP Current vs. Pillar Output Differences
