DATE: June 26, 2023
TO: OPRA Data Subscribers
SUBJECT: OPRA Post-Mortem - Monday June 26, 2023

Event details: On June 26, 2023, beginning after the 9:30 AM ET market open, certain Participants started experiencing intermittent disconnects from OPRA, amid reports of network provider connectivity issues. Because of the ongoing connectivity issues, SIAC failed over OPRA from the Local Data Center ("LDC") to the Remote Data Center ("RDC"). SIAC completed the failover of OPRA from LDC to RDC between approximately 10:28:12 AM ET and 10:31:11 AM ET.

Recipient impact: During the OPRA failover, Participants would not have been able to submit quote and trade messages to OPRA, and multicast data dissemination was unavailable. Following the OPRA failover, OPRA operated normally out of the RDC for the remainder of the day.

Due to ongoing network provider connectivity issues, OPRA will operate out of the RDC for the start of day June 27, 2023.

OPRA GTH will remain operating out of the LDC.
