FEATURES

WOOD

Laminated Scandinavian pine, certified by PEFC and FSC according to Standard EN351/EN335. Treated with TANALITH. Strength class GL24 (risk factor IV). In changing weather conditions, small cracks may appear in the wood that do NOT affect its durability. This wood does not bend or warp. The knots and resin are natural.

PLASTIC

HDPE, uniform color, with UV protection, weather-, bacteria- and fungi-resistant. Its elastic capacity enables it to serve as a shock absorber, making it very difficult to break. Non-toxic, they comply with EN 71, part 3. Caps in polypropylene.

METAL

Galvanized steel, highly resistant to abrasion, corrosion, chemicals and stains, with excellent weather resistance.

CHAIN

Galvanized steel chains Ø 5mm.

FASTENERS

Electro galvanized.

Measurements expressed in millimeters
