

OLNEY TOWN COUNCIL

The Recreation Ground and Victorian Steps

Over the weekend there have been large number of revellers who appear not to have been locals using the grounds.

The Council and the police are aware of the anti-social behaviour. The Council anticipated with the good weather that there might be extra visitors and precured more waste bins for rubbish and glass.

However, this has clearly not been sufficient, our ground staff as I write are busy clearing the mess.

The Council together with the Joint Users Group and the police are in urgent discussions on how best to deal with this problem.

We are aware that this is a matter of great concern to local residents. The Town Council is limited in its powers to manage peoples' behaviour but will do everything we can to help prevent this occurring again.

In the meantime, should you witness anti-social behaviour on the Rec please report this to the police.

Andrea Vincent

Town Clerk
