Verification and Performance Examination Report

Partners

Snow Capital Management L.P.

We have verified whether Snow Capital Management L.P. (the "Firm") (1) has complied with all the composite construction requirements of the Global Investment Performance Standards (GIPS®) on a firm-wide basis for the periods from January 1, 2017 through December 31, 2018, and (2) designed its policies and procedures to calculate and present performance in compliance with the GIPS standards as of December 31, 2018. We have also conducted a performance examination of the Firm's Large Cap Value Composite for the periods from January 1, 2017 through December 31, 2018. The Firm's management is responsible for compliance with the GIPS standards, the design of its policies and procedures, and for the Quarterly Performance and Large Cap Value Composite's compliant presentations. Our responsibility is to express an opinion based on our verification and performance examination. We conducted this verification and performance examination in accordance with the required verification and performance examination procedures of the GIPS standards. We also conducted such other procedures as we considered necessary in the circumstances.

In our opinion, the Firm has, in all material respects:

- Complied with all the composite construction requirements of the GIPS standards on a firm-wide basis for the periods from January 1, 2017 through December 31, 2018; and
- Designed its policies and procedures to calculate and present performance in compliance with the GIPS standards as of December 31, 2018.

A verification covering the periods from January 1, 1992 through December 31, 2016 was performed by another verification firm, whose report expressed an unqualified opinion thereon.

Also, in our opinion, the Firm has, in all material respects:

- Constructed the Large Cap Value Composite and calculated the Large Cap Value Composite's performance for the periods from January 1, 2017 through December 31, 2018 in compliance with the GIPS standards; and
- Prepared and presented the Large Cap Value Composite's accompanying compliant presentation for the periods from January 1, 2017 through December 31, 2018 in compliance with the GIPS standards.

A performance examination of the Firm's Large Cap Value Composite covering the periods from June 30, 2005 through December 31, 2016 was performed by another verification firm, whose report expressed an unqualified opinion thereon.

This report does not relate to or provide assurance on any composite compliant presentation of the Firm other than the Firm's Large Cap Value Composite.

N.A. - Information is not statistically meaningful due to an insufficient number of portfolios in the composite for the entire year.

Large Cap Value Composite contains fully discretionary large cap value equity accounts. This composite has no minimum requirement and for comparison purposes is measured against the Russell 1000 Value index. In presentations prior to January 1, 2009, the composite performance included the S&P500 as a comparative benchmark. Although the S&P 500 index is widely employed as a performance benchmark of the broad market, it is not representative of the Large Cap Value Composite and therefore was removed as a comparison benchmark on January 1, 2009. The three-year standard deviation for both the Composite and benchmark is presented once a full 36 month period of returns has been recorded.

Snow Capital Management L.P. is a registered investment adviser. Results are based on fully discretionary accounts under management, including those accounts no longer with the firm. Past performance is not indicative of future results. The firm maintains a complete list and description of composites; policies for valuing portfolios, calculating performance, and preparing compliant presentations are available upon request.

Beginning March 1, 2015, composite policy requires the temporary removal of any portfolio incurring a client initiated significant cash inflow or outflow of \$25 million or greater. The temporary removal of such an account occurs at the beginning of the month in which the significant cash flow occurs and the account re-enters the composite the last day of the month in which the cash flow takes place.

The U.S. Dollar is the currency used to express performance. Returns include the reinvestment of all income. Net of fee performance returns are calculated by deducting a model fee of 0.75%, which includes management and custodial fees applied monthly. This model fee represents the highest applicable annual fee in effect for the respective time period, applied monthly. Prior to January 1, 2010, net returns were calculated by deducting a model fee of 0.80%. The annual composite dispersion presented is an asset-weighted standard deviation calculated for the accounts in the composite for the entire year.

The investment management fee schedule for the composite is 0.75% on the first \$10,000,000, 0.70% on the next \$15,000,000, 0.60% on the next \$25,000,000 and 0.50% on the balance over \$50,000,000. Actual investment advisory fees incurred by clients may vary. The Large Cap Value composite was created June 30, 2005.

Snow Capital Management L.P. claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Snow Capital Management L.P. has been independently verified for the periods January 1, 1992 through December 31, 2018.

Verification and Performance Examination Report

Partners

Snow Capital Management L.P.

We have verified whether Snow Capital Management L.P. (the "Firm") (1) has complied with all the composite construction requirements of the Global Investment Performance Standards (GIPS®) on a firm-wide basis for the periods from January 1, 2017 through December 31, 2018, and (2) designed its policies and procedures to calculate and present performance in compliance with the GIPS standards as of December 31, 2018. We have also conducted a performance examination of the Firm's Large Cap Value Wrap Composite for the periods from January 1, 2017 through December 31, 2018. The Firm's management is responsible for compliance with the GIPS standards, the design of its policies and procedures, and for the Quarterly Performance and Large Cap Value Wrap Composite's compliant presentations. Our responsibility is to express an opinion based on our verification and performance examination. We conducted this verification and performance examination in accordance with the required verification and performance examination procedures of the GIPS standards. We also conducted such other procedures as we considered necessary in the circumstances.

In our opinion, the Firm has, in all material respects:

- Complied with all the composite construction requirements of the GIPS standards on a firm-wide basis for the periods from January 1, 2017 through December 31, 2018; and
- Designed its policies and procedures to calculate and present performance in compliance with the GIPS standards as of December 31, 2018.

A verification covering the periods from January 1, 1992 through December 31, 2016 was performed by another verification firm, whose report expressed an unqualified opinion thereon.

Also, in our opinion, the Firm has, in all material respects:

- Constructed the Large Cap Value Wrap Composite and calculated the Large Cap Value Wrap Composite's performance for the periods from January 1, 2017 through December 31, 2018 in compliance with the GIPS standards; and
- Prepared and presented the Large Cap Value Wrap Composite's accompanying compliant presentation for the periods from January 1, 2017 through December 31, 2018 in compliance with the GIPS standards.

A performance examination of the Firm's Large Cap Value Wrap Composite covering the periods from July 31, 2005 through December 31, 2016 was performed by another verification firm, whose report expressed an unqualified opinion thereon.

This report does not relate to or provide assurance on any composite compliant presentation of the Firm other than the Firm's Large Cap Value Wrap Composite.

*Pure gross performance is shown as supplemental information as returns have not been reduced by transaction costs. Composite Ex-post Gross Standard Deviation is calculated from the net returns for wrap composites

Large Cap Value Wrap Composite contains fully discretionary large cap value equity wrap accounts. This composite has no minimum requirement and for comparison purposes is measured against the Russell 1000 Value index. In presentations prior to January 1, 2009, the composite performance included the S&P500 as a comparative benchmark. Although the S&P 500 index is widely employed as a performance benchmark of the broad market, it is not representative of the Large Cap Value Wrap Composite and therefore was removed as a comparison benchmark on January 1, 2009. The three-year standard deviation for both the Composite and benchmark is presented once a full 36 month period of returns has been recorded.

Snow Capital Management L.P. is a registered investment adviser. Results are based on fully discretionary accounts under management, including those accounts no longer with the firm. Past performance is not indicative of future results. The firm maintains a complete list and description of composites; policies for valuing portfolios, calculating performance, and preparing compliant presentations are available upon request.

Beginning March 1, 2015, composite policy requires the temporary removal of any portfolio incurring a client initiated significant cash inflow or outflow of \$25 million or greater. The temporary removal of such an account occurs at the beginning of the month in which the significant cash flow occurs and the account re-enters the composite the last day of the month in which the cash flow takes place.

The U.S. Dollar is the currency used to express performance. Returns include the reinvestment of all income. Pure gross returns are shown as supplemental information and are stated gross of all fees and transaction costs. Net of fee performance returns are calculated by deducting a model fee of 1.25%, which represents the highest applicable annual wrap fee in effect for the respective time period, applied monthly. The wrap fee is an all-inclusive or bundled fee based on a percentage of assets under management and may include investment management services, brokerage commissions, portfolio monitoring, consulting services, and custodial services. Wrap fee accounts make up 100% of the composite for all periods shown. Wrap fee schedules are provided by independent wrap sponsors and are available upon request from the respective wrap sponsor. The annual composite dispersion presented is an asset-weighted standard deviation calculated for the accounts in the composite for the entire year.

The fee schedule for the composite is 0.75% on the first \$10,000,000, 0.70% on the next \$15,000,000, 0.60% on the next \$25,000,000 and 0.50% on the balance over \$50,000,000. Fees may be altered to fit wrap account programs. Actual investment advisory fees incurred by clients may vary. The Large Cap Value Wrap composite was created July 31, 2005.
