

## **Mission Statement**

***As a School / Nursery we are committed to working together to develop a community where everyone is valued and children become confident and successful learners. In order to achieve this we aim to:***

- provide a broad, yet balanced set of opportunities, which recognise the individual and values the differences of each child. In partnership with parents and carers, we aim to deliver these opportunities in line with the curriculum guidance for the Foundation Stage;***
- equip our children with the knowledge and skills to make healthy and informed choices;***
- provide opportunities for children to develop attitudes, values, skills, understanding and knowledge which will enable the individual child to be happy and successful.***
- provide a caring, purposeful and safe learning environment;***
- help children to achieve their full potential socially, emotionally, intellectually and physically, and to encourage their cultural and spiritual awareness***
- develop a positive self-image and sense of responsibility for their own behaviour;***
- encourage pupils to make a positive contribution to the school and the community;***
- prepare the children to take a full and active part in society as responsible citizens and life long learners.***

***Every child's welfare and development are paramount and this will be shown through the rigorous procedures of the nursery for developing independence and social skills.***
