

Dear Friends of Angels' Place,

We hope this note find you and your family well. We personally thank you for all that you have done to support our organization. We are coming to you today to ask your help in another way during the coronavirus outbreak.

At Angels' Place it is our mission to protect the vulnerable lives of those in our care. Guided by that mission and our values, we have made the following decisions to help prevent the spread of the coronavirus and support the health and wellbeing of **all** who are part of our Angels' Place family.

- We will have to decline outside activities and group events sponsored by our churches and other groups. We apologize for any inconvenience that may cause and hope that we can get back to these activities shortly. Our residents truly enjoy them!
- We are so grateful for the gifts of our volunteers, but until further notice all volunteer activity is suspended. Please do not visit a home or office.
- Angels' Place staff will be communicating with committees regarding the implementation or changes in format to future meetings.
- We have instituted very specific protocols in each home and in our office center to address hand washing and other suggestions from the CDC.

These decisions will be in effect until March 31, 2020 and at that time we will re-assess our next steps based on scientific information and guided by our mission and values.

Thank you for being a loyal supporter of Angels' Place.

You will be in our prayers today and in the months ahead.

Sincerely yours,

A handwritten signature in blue ink that reads "Cheryl Loveday". The signature is fluid and cursive, with the first name being more prominent.
