## VIRTUAL SETS

# The professional TV production set on demand

Creating professional TV productions is now significantly more accessible. For pilots, one-off programs, or corporate TV, your set is ready to customize and go. Using the most advanced technology, we've created turnkey

studio concepts that are flexible and efficient to work with. If you are a broadcaster, agency, corporate company, or online TV channel, we have the solution to produce premium quality content.

## Step in to your own TV show

Create your program in a dedicated TV studio, with a team of experts, and access to all the support you need. NEP has bundled its media and production resources into a 'ready to wear' TV production concept for everyone now looking to create high-level productions. Your set is a green screen decor including the

expertise and technology you need. You provide the content and talent, and we can provide the end-to-end workflow; recording, managing and distributing (online and TV). Our experience in TV production and Webcasting is at your disposal. It can be created at NEP at Hilversum Media Park, or at your location.

## Choose your set template, and customize it your concept or brand:

Work with templates, or create a customized set with our team of technical artists and developers.

### Corporate Set

Virtual sets is the perfect solution for corporate or brand communications. From financial reporting, townhall meetings, seminars, virtual events, product launches and so on, a virtual environment amplifies the message. We also offer dedicated tools for webinars, webcasting and on-demand video (Vixy), to support digital distribution and live interactivity with your audience.

#### Optional extras including:

- Add virtual led screen for adding video or presentation slides
- Your brand look & feel: colors in background, logos and light
- Add Social Media feeds

### Studio Set

Half time shows, talk shows, highlight shows - put your presenters and expert analysts or

panel members into a space themed your concept.

#### Optional extras including:

- Add virtual led screen for adding (live) video
- Your brand look & feel: colors in background, logos and light
- Add data feeds (Social Media feeds, news and stats) and 3D objects

### Branded Content Set

Whether you're sponsoring an event, launching a product, or creating high end YouTube channel content, we can create the set that brings your brand experience to another level.

#### Optional extras including:

- Add virtual led screen for adding (live) video
- Your brand look & feel: colors in background, logos and light
- Add data feeds (Social Media feeds, news and stats) and 3D objects

## Your Virtual Set is connected to a comprehensive menu of services

- Centralized Production platform (sharing of central resources)
- Post production services
- Distribution services like hosting and streaming

## What our clients value most

- ✓ Creating premium content on a budget
- ✓ Flexible and scalable
- ✓ Pay as you go
- ✓ Access to online distribution services

### About The NEP Worldwide Network

For over 30 years, NEP has been a worldwide outsourced technical production partner supporting premier content producers of live sports, entertainment, music and corporate events. Our services include remote and centralized production, specialty capture, RF and wireless video/audio, studio production, audio visual solutions, host broadcast support, post production, connectivity and transmission, premium playout and innovative software-based media management solutions. NEP's 4,000+ employees are driven by a passion for superior service and a focus on technical innovation. Together, we have supported productions in 87 countries on all seven continents. NEP is headquartered in the United States and has operations in 24 countries.

## Webcasting

At NEP we have a specialist team for webcasting, with over a decade of experience serving corporate and broadcast clients. Together with clients we develop live webcast productions, interactive webinars and online events to which multiple international sites are linked via video. We act as your technical producer and organize the total service; from recording, connections and direction of the program to additional technology, distribution and reporting statistics.
