Treatment Estimates and Consents:

We do our best to be transparent. When making an appointment, at the onset of treatment, or at the time of a consultation, we will provide you with a treatment proposal that includes any associated fees. Please keep in mind **this is only an estimate.** Although we make every attempt to anticipate all treatment that will be required and the associated cost, there are cases where the extent of a dental problem cannot be full understood until the treatment has begun. Unforeseen changes in treatment or clauses in your insurance can result in additional cost.

Payment Options:

Payment is due at the time of service, including any co-pays or coinsurances if you have dental insurance.

- We accept cash, personal checks, debit cards, Visa®, MasterCard®, Discover® and American Express®
- A $50 fee will be applied to any returned checks.
- Financing is available through CareCredit® with no interest if paid off within the promotional period for certain procedures.
- Any balances over 30 days are subject to a finance charge at a rate of 1.5% per month (18% annually). Should it become necessary to refer the account to an agency or attorney for collection, you will also be responsible for all costs associated with the collection efforts.

Dental Insurance:

Dental insurance is a helpful tool, but it does not cover treatment based on medical necessity. At times you may need treatment that is not covered by your insurance. Our top priority is your dental health and our treatment recommendations reflect that. Of course, we will always do our best to help you maximize your insurance benefits.

- **We are in network with: Aetna, Anthem, Cigna PPO, Delta Dental, Premier Dental Group and United Healthcare.**
- If you have an DMO, HMO or Advantage policy your plan may require you to go to specific providers to receive benefits.
- **We are not a Medicaid(Title 19) provider**. Patients with Medicaid are not eligible for benefits in our office and will be responsible for payment in full at the time of service.

Appointments:

We have reserved a time just for you when you make an appointment with us and we know your time is very important. We will do everything in our power to have you in and out on time. Likewise, we ask that you respect our time, and the time of other patients.

- **We require 48 hour notice** if you need to reschedule or cancel an appointment. Without this notice, we are unable to offer treatment to others patients that may have needed our care.
- **If you are late to your appointment**, we may not be able to accommodate you. Please call us if you know you will be late.

We may require a deposit or ask you to pre-pay for an appointment if:

- You have had cancelled appointments with no notice or insufficient notice
- You have had an outstanding balance
- The appointment length is over an hour or the service total is more than $1000
- You are scheduling sedation services.

Patients under 18:

If your child is attending our office for the first time and is under the age of 18, a parent or legal guardian must accompany the child. All children under the age of 14 must always be accompanied by an adult to all appointments. Children over the age of 14 must have a signed consent on file to be seen without an adult present.

Oak Creek Dental Care, LLC

Office Information and Policies

Treatment Consent:

I hereby authorize Dr. Ehsan Saleki and/or Dr. Lauren Hawkins and whomever the dentists designate as his/her assistant(s) to perform the procedure(s) listed on my proposed treatment plan.

In the event an unforeseen condition arises in the course of these designated procedures, I request and authorize the doctor to do whatever further treatment he/she deems advisable.

I am informed fully and understand that there are certain unavoidable complications inherent in any type of dental procedures. These may include but are not limited to: post-operative bleeding, swelling, bruising, stiff jaw, loss of or loosened restorations, pain, infection, temporary or permanent numbness or tingling of the lower lip, tongue, chin, gums, cheek or teeth. Less common complications can include but are not limited to: temporal-mandibular joint problems, sinus exposure, and swallowing or aspiration of teeth or restorations. After periodontal surgery, teeth may appear longer or become sensitive to hot and cold.

I consent to the administration of local anesthesia, antibiotics, analgesic (nitrous oxide) or any other drug that may be deemed necessary in my case. I understand that there is a slight element of risk inherent in the administration of any drug or anesthesia. The risk includes but is not limited to: adverse drug response (e.g. allergic reaction and it's manifestations). If antibiotics are prescribed, I understand that an antibiotic may have an adverse reaction to oral contraceptives, in which case the contraceptive may become ineffective.

I realize it is mandatory that I give a complete and accurate medical and personal history. I also understand that all drugs taken legally or illegally must be reported to the doctor. If unreported, a reaction could result in possible death. I agree to follow all instructions as directed. I realize that in spite of the possible complication, my procedure is necessary and desired by me. A full explanation of all complications of the procedures and anesthesia is available to me upon request from the doctor.
