

# parkingoptions

Parking your vehicle close to our office is not a problem! There are a number of good options. **We have 2 reserved parking spaces specifically for Montrose Dental, 6 general use customer spaces, and 1 handicapped space available for your use in the lot behind our building.** There are no time restrictions on these spaces, so we encourage you to use these, especially if you have an appointment of 2 hours or more. You can access this lot off either Montrose Avenue or West Railway Street as shown on the map on the reverse of this card, and the building lobby is also accessible from this lot.

**Montrose Dental Centre**
