

Manston St James Primary School

— PROSPECTUS —

Welcome

We are proud of our positive, vibrant and purposeful primary school, where we are committed to ensuring that all our young people are successful, happy and prepared for lives beyond school.

Manston St James Primary School is a school where we value both academic excellence and the memorable moments that are so important in engaging and motivating children, and supporting them to develop skills for life. Manston St James Primary School is a stimulating, caring and orderly school in which to learn and grow, where each individual has respect for themselves and for others. Within our safe, caring and Christian environment we continually strive for excellence to enable our pupils to flourish.

Partnership

We place high value on the constructive partnership we have with parents to ensure the best outcomes for their children and believe children are happiest and learn more effectively when there is a strong partnership between home and school.

We work as active partners with primary and secondary schools both formally as an academy within Abbey Multi Academy Trust (MAT) and informally with universities, the Diocese and local community.

Together, we develop and share good practice and resources to enhance opportunities for learning to empower our young people with the belief that they can have a positive impact on their own life and the lives of others.

Fundraising activities in support of local, national and international charities demonstrate faith in action as we seek to develop generosity in our students.

Educate

Our dedicated staff offer an inclusive curriculum designed to meet individual needs and abilities of each student and enables them to achieve their best.

We have designed a curriculum that will help pupils develop a love of learning and activate their enquiring minds. As well as a focus on the deepening of skills within the English and mathematics curriculum we operate a thematic curriculum that develops knowledge and skills through the delivery of engaging cross-curricular learning projects.

The curriculum is designed to develop the knowledge and skills that our children will need to ensure that they are successful lifelong learners and are successful in their own lives now and in the future.

Nurture

Our faith, values, extended family of learners and shared aims shape and guide us to achieve excellence in all areas of life, both inside and outside the classroom.

Our school organisation ensures that every student feels safe and cared for within a welcoming, orderly and positive learning environment. We ensure that, as a child of God, each student also feels valued. Our Christian ethos teaches students the values of truth, perseverance, compassion, generosity, fellowship, courage and responsibility and we nurture in our students a deeper understanding of human society and their place in it.

Dynamic teaching, coupled with our support, results in happy students who are fulfilled.

Empower

Students in all year groups are encouraged to play an active role in the life of the school. A wide variety of leadership opportunities and initiatives provide opportunities for our pupils to have their say, giving them an increased sense of community and responsibility.

Make the leap to Manston St James Primary School, and together, we'll fulfil our mission to work In Partnership to Educate, Nurture and Empower.
