- Estimate and calculate measurements
- Identify properties of angles
- Introduce simple translations and identify symmetry
- Use first quadrant angles
- Use bar charts, pictograms and line graphs
- Estimate, compare and calculate different measurements, including money in pounds and pence
- Solve number and real-life problems

## **The New Curriculum End of Year Expectations Year 4**

This booklet provides information for parents and carers about end of year expectations for children in our school. These expectations have been identified as being the minimum requirements your child must meet in order to ensure continued progress throughout the following year.

All the objectives will be worked on throughout the year and will be the focus of direct teaching. Any extra support you can provide in helping your child to achieve these is greatly valued.

If you have any queries regarding the content of this booklet or want support in knowing how best to help your child, please talk to your child's teacher.
