

What is the PE Funding?

The government is continuing to provide additional funding of £150 million per annum until 2020 to improve provision of physical education (PE) and sport in primary schools. This funding - provided jointly by the Departments for Education, Health and Culture, Media and Sport – is allocated to primary school Head Teachers. This funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools.

Key Priorities

- Manston St James CE Primary recognises the contribution of PE to the health and well-being of our children. In addition, it is considered that a good PE curriculum and extra-curricular opportunities have a positive influence on the concentration, self-esteem, attitude and academic achievement of our children.
- We are committed to ensure that all pupils receive at least 2 hours of high quality well-planned PE per week delivered by confident and well-trained teachers.
- We offer a selection of sports and physical activities as extra-curricular activity as well as cross-curricular and themed days/sessions.
- The school takes part in family and partnership competitions as well as those organised by other agencies.
- We believe primary school experiences are pivotal to our children's future perception of physical activity and the enthusiasm and enjoyment of the pupils. Manston St James CE Primary is testament to the passion and dedication of all staff. Pupils leave the school equipped to enjoy sport for all its health and social benefits. For those who relish the competitive element, they gain the skills, confidence and relevant experience to succeed at their chosen level and discipline.

Management of PE

- The Academy's strategy in relation to PE funding is coordinated by the Head of School and PE curriculum leader in liaison with PE colleagues at our partner high schools (Abbey Grange and Bishop Young)
- Needs are analysed, issues are identified and priorities set.
- The PE team meets termly to:
 - Review all pupil activities
 - Review the strategies that are employed to deliver these activities
 - Ensure resources are targeted appropriately and in a timely fashion.
 - To recommend additional strategies to support targeted pupils or groups in particular those pupils and families that find it hard to access physical activities outside of school.

Sustainability

At Manston St James we aim to use this money to create a sustainable curriculum for all children. Therefore:

- Some of the money provided by the funding is invested in the professional development of staff and as a result should enhance the quality of teaching for all children.
- We have invested in quality PE equipment which will support high quality PE teaching over time.
- We continue to buy in to the Leeds Sports Partnership which provides training and support for subject leaders and regular sporting activities for pupils.

Swimming

Pupils are provided with swimming lessons throughout year 4, for one academic year. This equates to 32 lessons each 30 minutes in duration. The school uses Leeds City Council facilities and instructors and pupils attend John Smeaton Leisure Centre. Currently lessons take place on Tuesday and Friday. As part of the sessions all pupils receive self-rescue and water safety training delivered by Leeds City Council instructors.

The current (2019-20) Year 6 cohort completed their swimming lessons in 2017-18 and their attainment is detailed below:

Skill Percentage of Pupils	
Swim 25m confidently and proficiently	64%
Use a range of strokes	64%
Perform safe self-rescue in different water based situations	74%

PE Funding
£20,460

2019/2020

Area	Cost	Strategy	Anticipated Impact
Pooling of money to gain greater access to sporting activities £1,200	£3000	Leeds PE, Sport and Physical Activity Primary School Offer.	Professional development for lead staff Competition programme Sports Festivals Access to School Sport Partnerships Membership of the Youth Sports Trust
