

We connect convenient, affordable and safe cars with the people who need them to live and work.

Getaround connects safe, convenient and affordable cars with people who need them to live and work. We are the world's first car sharing marketplace offering a 100% digital experience with proprietary technology and data that make sharing vehicles superior to owning them. Our community includes guests who rely on our cars for on-demand mobility, 24/7 and hosts who share cars on our platform including those who operate their own car sharing businesses.

getaround

Getaround is active in over
950 cities worldwide.

Currently serving **8 countries**,
including the United States, France, and
Norway.

Only electric and low-emission
vehicles will be accepted on the
Getaround platform

beginning 2030.

Getaround was founded in 2009 in
San Francisco, CA.

We are a
**remote-first
company.**

Our hosts have earned a total of
\$370M to date.

Hosts can earn up to
\$1,000 or more
per month.

We are

Empowering people

With convenient access to the cars they need, whenever they need them.

Improving mobility

by relieving congestion and making public transit easier to use.

Protecting our environment

by reducing pollution and advancing sustainable energy.

We offer

Contactless

Getaround's patented Connect® Cloud technology allows guests to book and unlock a car with the Getaround app.

Covered

Getaround provides insurance coverage during active trips.

Accessible

Guests can book cars in their area by the hour or day on demand 24/7 to run errands, visit a friend, or go on a trip.

Hosts can supplement their income by car sharing

1

Set up a Host profile on Getaround's website

2

Get approved, and set up a Getaround Connect® installation

3

Use the Getaround app to share your car and start earning money

Guests have convenient and affordable transportation options

1

Download the Getaround app and create an account

2

Submit your driver's license and get verified

3

Book a car, unlock it with the app, and off you go!
