

# KINSKY ABRAHAM

Kinsky Abraham is standing publically for the first time in 2019. He has been produced slowly under saddle having been backed in the spring of 2018. He will be aimed at the BE 5 yr old classes this summer.

He has 3 very correct paces with a positive walk, excellent canter and rhythmical trot. He is showing talent over a fence but what shines out most about this horse is his absolute love to work.

As a cremello stallion (CrCr, AA, ee) carrying the double dilute gene he will always pass on a dilute gene resulting in guaranteed palamino from chestnut mares or buckskin (dun) and palamino from other solid coloured mares. When covering a skewbald/piebald/spotty mares the dilute gene will still be passed on but the pattern is down to the mare, therefore resulting in an interesting mix.

He was inspected by the AES in January of 2019 and came across well, he was described as a willing horse who ticked all the boxes. We are excited to prove that he can now come up with the goods in his first competitive season.

We are expecting his first foal in March of 2019.

DATE OF BIRTH  
**2 May 2014**

COLOUR  
**Cremello**

BREED  
**Sports Horse**

HEIGHT  
**16hh**
