The FULL SERVICE “Wristband” Carnival:

Looking for an easy way to have a carnival? Fun Services now offers a **no inventory, pay one price** wristband carnival.

Here’s how it works:

Fun Services provides numbered wristbands for you to sell and all the Fun. The organization’s cost is determined by the package selected. At the end of the carnival, the organization and the Fun Services representative calculates how many wristbands were sold to figure your total due.

(Please see separate package sheet for available packages. Custom packages available.)

The FULL SERVICE “Wristband” Carnival:

Here are the advantages of the wristband carnival to the organization:

1. **No ticket sales.** One price point for the parents. No more having the kids come up during the event asking for more money for more tickets!
2. **Unlimited Play.** The kids get to play the games and jump as much as they want during the event. They are not restricted by how many tickets they have.
3. **No Inventory.** At the end of the carnival, your volunteers and the Fun Services’ Representative pack up the prizes, games, booths, etc. into the truck, the organization pays the invoice and you’re done!
4. **No Game/Booth rental fees.** With the Wristband Carnival, organizations do not pay a rental fee per game or hinge booth.

The organization provides volunteers to assist with set-up and takedown, running the games, concessions and any inflatable attractions. This is the same as our traditional carnival program.
