Definition

Whenever you use the logo, it should be surrounded with clear space to ensure its visibility and impact. No graphic elements of any kind should invade this zone.

Computation

To work out the clearspace take the height of the logo and divide it in half. (Clearspace = Height / 2).

Minimum Size

Minimum logo size is 16px (.22 in, 5.6 mm) in height. Attention: Please do not use less than this size to make sure that it will be printable without losing design quality.

Attention

The "iUNU" logo is a registered trademark and cannot be altered in any way. All communications, both print and electronic, published by "iUNU", must display an approved logo. Use of any stylized, animated, hand drawn or other versions of a inofficial logo is not permitted.
