

## North Idaho Christian School News

### To all of the NICS families,

I would like to thank everyone for an amazing year. We had the best group of students in North Idaho. I have personally been blessed by so many of the students. It has been fun to watch the students mature and pursue Jesus in their own way. This was my first year as admissions director and although there were a few hiccups along the way, you offered grace and patience. Additionally, we have had a lot of parents and students volunteer for the variety of programs and events that happened throughout the school year. We have a few ideas for next year to continue to build our #communityinChrist but would love to hear ideas from parents and students as well. You make NICS a better place. I look forward to seeing you next year. Happy Summer! Rejoice always, pray without ceasing, give thanks in all circumstances; for this is the will of God in Christ Jesus for you. 1 Thess 5:16-18

**Teacher Recognition...** Elaine Harrell is being recognized this month for an outstanding performance. She has used her resources and efforts to bring new laptops to the computer lab and has upgraded the computer class as a whole. Elaine applied for and received an Amazon grant that will give NICS students an edge in the computer industry. Specifically, students will have the opportunity to increase their awareness of Computer Science. Thank you Elaine! You are a gift to NICS. #communityinChrist #educationpoweredbyJesus
