

Dear TEU,

The Public Service Association's Youth Committee send their best wishes, support and solidarity for Polytechnic staff and the members of the Tertiary Education Union. PSA members know from their own first-hand experience in change processes, the struggles and uncertainty that TEU members face, and we support your demands for a better funding model.

As we enter the third decade of the 21st century, unions hope that employers across the country will express acknowledgment and openness to their employee's rights and needs.

77% of PSA members have post-secondary qualifications, so many of us have directly benefitted from the work of TEU members! We have a student membership body who are affected by poor funding and poorly treated academics. Our successes are closely linked to your successes.

We wish Polytechnic staff and all members of the TEU all the best and follow with interest all the efforts of the Tertiary Education Union members today.

Whāia te iti kahurangi, ki te tuohu koe, he maunga teitei. Strive for something of great value, if you are to bow, let it be to a lofty mountain.

Sincerely,

The PSA Youth Committee
