

SELL YOUR AFTER-MARKET PRODUCTS ONLINE WITH OUR

TURN-KEY F&I ECOMMERCE SOLUTION

Sell service contracts and ancillary products to your customers, even after they've left the dealership, without lowering your profit margins or sharing your leads!

THE PATH TO SELLING F&I PRODUCTS HAS NEVER BEEN EASIER!

Today's consumers do significant online research before they make a purchase – especially for vehicles and after-market products. *With our NEW dealer-to-consumer, eCommerce solution, we're making it easy to reach them!* Market and sell your products online, re-mine existing customers, provide product information, accept instant payments, **and make more after-market profits – with no additional work!**

OUR F&I ECOMMERCE SALES SOLUTION OFFERS:

- Built-in credit card processing and/or monthly flexible 0% financing
- eRating/eContracting of your current products (from multiple administrators) as well as your own self-insured products
- A custom website with estimator, sales tools, product information and links to your vehicles
- Customized service drive marketing materials, including posters, brochures and mirror hangers
- Custom solutions for Agent entrepreneurs for direct-to-consumer marketing and sales
- Not currently with an administrator? We have partner access to AAA rated, insured products for automotive, powersports, ancillaries, and more!

TUNE-UP YOUR SALES AND STREAMLINE YOUR ENTIRE F&I PRODUCT BUSINESS WITH TECASSURED

TecAssured™ features a powerful rating engine and streamlined administration software that enable you to manage your entire portfolio – including all of your products, sales materials, contracts, rates, commissions, and claims – from one place!

Everything you need is at your fingertips on your own system and branded web portal. It can also be used as an enhancement to your existing provider's system that will enable you to bypass their current limitations.

Use TecAssured as a stand-alone solution or connect it with any industry system – whether it's proprietary or out-of-the-box administration software, menu and/or DMS software – for seamless and complete product administration.

All data is protected with secure (SSL) web hosting, backups and redundancies, and every TecAssured client has their own instance of the software as well as their own private server. Best of all, your system can be managed and customized to your exact specifications by our team of engineers or your own developers.

AGENTS, DEALERS & ADMINISTRATORS NATIONWIDE USE OUR FLEXIBLE, CUSTOMIZABLE SOFTWARE TO:

- Test and launch new products/programs faster
- House rates and provide eContracting
- Affordably design the system they want without proprietary software development
- Connect to TPAs/providers and port all of their products into one system
- Administer their own PPM, warranties and more
- Add flexibility to a current system
- Manage the entire policy life-cycle from our easy-to-use online portal

OUR NEWEST MODULES INCLUDE:

- Powersports Product Rating & Contracting
- Universal Post/Publish DMS Integrator™
- Prepaid Maintenance/Coupon Redemption
- Rate & Class Guide Importer
