**MONTGOMERYVILLE, PA – March 2, 2020:**

## **Intellus Receives ISO 27001 Certification**

Montgomeryville, PA marketing services provider **Intellus** has received ISO 27001 certification by SGS North America, an independent and accredited certification body. ISO 27001 is an information security standard that was published in September 2013 by the International Organization for Standardization (ISO) and the International Electrotechnical Commission (IEC) under the joint ISO and IEC subcommittee, ISO/IEC JTC 1/SC 27.

“We at Intellus consider this certification to be a prerequisite for any company wanting to be competitive. The digital world is under ever-tightening compliance regulations and constant cybersecurity risks,” explains Scott Patterson, Chief Compliance Officer at Intellus. “ISO 27001 compliance assures our clients in healthcare, finance and other data-sensitive industries that Intellus has the technology, processes and protocols in place to safeguard personally identifiable and business identifiable information.”

### **About Intellus**

Intellus is a full-service, state-of-the-art, marketing services provider based in Montgomeryville, Pennsylvania, providing web and specialized printing, digital printing, direct mail, fulfillment, eCommerce and packaging services. Intellus is owned by the Logan Marketing Group, LMG. Intellus was created in 2019 through LMG’s acquisition and merger of IBS Direct and ClientLink. The merger created seventy new jobs at the company’s existing facilities in Montgomeryville and King of Prussia and further expanded with the opening of a new 52,000 square foot Digital & Mail Center at 150 Commerce Drive in Montgomeryville, PA.
