

Great job offer

BUSINESS DEVELOPER

Now open!

Leva (Chili peppers machines)

We are a team of interaction designers and creative engineers who create unique machines - intelligent mechatronics installations that interact with people and raise our client's brand awareness.

We make people's impressions, emotions and love for the brand lasting forever.

Assignment and activities

You are going to work with the marketing team to deliver exceptional and unique projects like this one <https://bit.ly/2OKyFn2>.

Working with us means design sprint, creative and sales brainstorming, lead generation with Atoka, non-conventional marketing campaigns that convert, value proposition design, new market testing, events organization, sales funnel design, closing contracts.

What we are looking for?

We are looking for a creative salesman, with talent and drive.

We are primarily looking for evidence of good ability and a track record of closing deals.

What you can expect?

Live and work in a challenging environment where you see revenue growing every day thanks to a great value proposition offer and tons of market opportunities.

Compensation? Yup sure, send me an email to talk about it.

Location

Right in the centre of Turin, Italy (Via Vincenzo Gioberti 18, 10128).

Contact

Contact me to work in one of the fastest growing environments in Italy.

Just send an email to Matteo Mosca - matteo@leva.io.
