

Queensland Airports Limited Role Description

Our Vision defines our purpose. Our five pillars guide our strategic direction. Within each pillar are strategies to deliver our goals and realise our vision. These strategies drive our existing business and underpin any acquisitions. Our Values influence the right behaviours when making decisions to achieve our Vision.

Position Title: Aerodrome Reporting and Maintenance Officer

Location: Mount Isa

Department: Aviation

Reports to: Airport Operations Coordinator

Reporting to this position: Nil

Job Role Requirements

To ensure the aviation safety and security integrity of the Mount Isa Airport and effectiveness of service provided to customers.

Job Role Requirements

Objective 1: Safety and Security

- Ensure the safe and secure operation of the airside environment in accordance with relevant regulations and company SOPs
- Audit, enforce and report on safety and security issues at the airport
- Conduct serviceability inspections of the movement areas/lighting in accordance with the requirements of the Aerodrome Manual and MOS 139 and maintain the integrity of movement area and OLS surfaces
- Conduct regular patrols and surveillance airside on airport in accordance with the requirements of the Aerodrome Manual and TSP
- Investigate and monitor safety and security breaches and initiate appropriate actions
- Identify and attend to customer requirements in an effective and timely manner
- Develop effective working relations with industry, clients & staff
- Assist in ensuring compliance with the Airside Vehicle Control handbook
- Provide airside vehicle escorts as required.
- Contribute to Airport Emergency Response by way of but not limited to:
 - Providing a coordinated first response in the event of an emergency
 - Maintaining required training levels to respond effectively in an event of an emergency
 - Participate in the continuous improvement of the Emergency Response Program
 - Maintain awareness of the Airport Emergency Plan and emergency procedures
 - Ensure that the Emergency Response equipment is fully serviceable and that consumables are not time expired.
- Monitor and control access to the airside in accordance to the TSP
- Implement airside inspection access control measures including
 - Verifying the proof of identity of persons seeking airside access
 - Ensuring such persons have authorisation to proceed airside e.g. ASIC or are accompanied by an authorised person
 - Ensuring the driver of the vehicle has an ADA and intends proceeding to airside areas for which he/she is authorised to drive
 - Checking that the vehicle has an AUA
 - Undertaking random and continuous vehicle inspections for all vehicles entering the Security Restricted Area to verify that they have legitimate business airside

- Monitor the security of the airport's business assets through patrols

Objective 2: Bird and Wildlife Management

- Implement the requirements of the Bird and Wildlife Management Plan
- Carry out bird dispersal from the aircraft operational areas using Bird Frite or other approved methods
- Conduct bird counts as required by the Aerodrome Manual or as directed by MIAPL management
- Prepare reports on bird strikes and submit to the Aviation Regulatory Compliance Officer; arrange retrieval of carcasses (as determined necessary) and their analysis
- Keep MIAPL management informed of the effectiveness of bird control measures and recommend improvements where necessary to minimise the risk of bird strikes
- Ensure the airport perimeter fence is checked regularly to prevent wildlife intrusion; arrange for repairs as required

Objective 3: Grounds Maintenance

- Ensure all grounds are kept in an orderly and tidy manner and in compliance with airport operating and safety requirements
- Carry out grounds maintenance and improvement of grounds including but not limited to:
 - Natural drainage systems
