

# Film Processing

processing film since 1990

## C-41 Same Day available\*

\* Last rolls in by 2pm - dependant on workload cut-off may be as early as 1pm on high volume days

Please note we are Currently @RUZ\_X  
10am-4pm Mon-Sat during @V Covid-19 Period

- Developing, scanning (scans since 98') and printing film since 1990, open for processing 6 days a week, Monday to Saturday.
- C41 Colour rolls developed on site with Kodak Professional C41 colour chemical quality control monitoring for reliable results.
- True black and white film hand developed and E6 positive slide film dip and dunk developed by our trusted out-lab partners.
- All films are scanned on site using professional grade Noritsu HS-1800 and LS-600 Scanners.
- We provide neutral scans, true to the film stock shot with minor density & colour corrections by our experienced lab operators.
- Our same high level of professional quality control applies whether you choose same day or longer service times.
- In addition to scans we provide a multitude of output options, whether it's archival prints, metal, canvas, gifts and more.
- Whether you're just starting out or shoot for a living; we're here to help you achieve the very best from your photography.
- No matter what brand of film you have, we'll develop, scan and print it to perfection. Quality first, service always.

### Add Prints?

	4x6" / 10x15cm		5x7" / 13x18cm	
	< 27exp	< 40exp	< 27exp	< 40exp
Per Set (additional to above prices)	+6	+9	+10	+15

#### Print Surfaces

Rich gloss or lustre

#### Print Edges/Borders

Printed edge to edge or with white borders for a classic look.

**Scan Size Info** - See the Mail Order Form for pixel dimensions. Jpg Format. High & Pro available as tiffs at no extra cost (Self supplied USB delivery only).

**Push / Pull** B&W + \$9 unlimited stops - Once off charge for rolls of same type ISO and stops; E6 +\$6 unlimited stops | C-41 push only - cost as per E6 pricing.

**File "Delivery"** We'll email you a Dropbox link to your Jpg files once your order is complete. Optional delivery on self supplied USB.

Dropbox links stay active for 6 months. Tiff files as noted above available on self supplied USB (High or Pro Scans only)

**Film Finishing** 35mm, 110 & 126 is cut and sleeved in sixes - materials cannot be guaranteed acid free.

120 is cut and sleeved in archival binder sleeving. Frames per strip dependant on format shot. Uncut available only on request

**Film Storage** Collect / Post film back or store your films at the lab. If you build up a number of uncollected films we'll endeavor to contact you to either collect them or alternatively arrange to have them posted out as per standard shipping options. Negatives held for up to six months if left stored in the lab.

**Shipping** (If required) - \$10.00 Parcel Post or \$13.50 Express Post. We only use tracked satchel services to help safeguard your originals.

\*A non refundable development cost applies to all rolls. No refunds for blank rolls. Service times dependent on workload and may be longer during peak periods. Call ahead to confirm turnaround if you have a deadline to meet. True black and white film scans may contain fine dust marks due to its static nature & lack of digital ICE on single emulsion layer films. Prices include GST and are subject to change. 20th August 2020 - supersedes all prior pricing.

— Limit of Liability —

We will always handle your rolls with the utmost care. Submitting your film for processing constitutes an agreement that any loss, damage or unforeseen events by Fotofast and associated out-labs will only entitle you to replacement with an equivalent quantity/size of unexposed photographic film. Except for such replacement, our acceptance of film is without other liability, and recovery for any incidental or consequential damages is excluded.
