

COMMERCIAL SUPER FID BENCH

PRODUCT FEATURES

7 BACK PAD POSITIONS

The Commercial Super Flat/Incline/Decline Bench has 90° of adjustment, starting from -15° to 80°.

MOBILITY

Brand new EZ-Handle design and rear transport wheel allow for easy mobility for the bench.

NEW LADDER STEP DESIGN

Rather than the pull pin system, the new Ladder Step Design maximizes the weight capacity of the bench to 1,000lbs. This new design allows for a completely safe work out, even under extreme conditions.
