

ALINEA ENGAGE

# Digitizing Intake and Revenue Cycle Management Workflows

## Expand Your Capacity and Profitability While Prioritizing People over Paperwork

Imagine a world where your therapists and staff in the field were not required to be administrative wizards or insurance experts to fulfill their tasks, but could focus on client care! Picture setting them free for higher value tasks that support your outcomes, profitability, and growth!

Alinea digitizes your intake workflows in accordance with the needs of your organization, service models, and payer contracts - seamlessly coordinating cross functional tasks and engaging patients/POAs remotely or onsite. Ready to differentiate your services while driving efficiencies?

Increase efficiency and productivity of centralized & decentralized teams.

Simplify complex insurance benefit & restriction workflows & guide progressive steps.

Engage POAs & patients - remotely or onsite. Adding safety, convenience & trust.
