WITH

# EXPERIENCE ALINEA. EXPECT MORE.

Alinea's web-based, highly configurable enterprise level technology and expert consultative services take providers and those they serve to new heights.

## Streamline patient onboarding

eliminate manual & paper processes

Bring patients onto caseload fast and efficiently - preempting downstream denials and ensuring compliance.

Accelerate speed and accuracy of benefit verification. Digitize intake to gain consents in minutes instead of weeks. Throw out clipboards and mailings forever, while building loyal relationships for life.

## Engage patients & families

with an exceptional experience

Give patients and families the convenience and communication they expect - while reducing the workload on therapists and staff!

From introducing the therapy team, to conveniently completing forms and paying for services, to receiving progress updates via **Family Link** - patients and families are elevated, engaged, and satisfied.

## Lighten the load on therapists

and prioritize patients over paperwork

Free time for higher value tasks and boost productivity, patient outcomes, and staff retention. **Let therapists do more of what they love!**

## Simplify Prior Auth complexity

**Reduce delays in service** and delivery of non-reimbursable services - while taking the burden off of your clinical teams.

## Collect patient payments

copays, coinsurance, private pays and other balances

Dramatically **increase the ease, speed and amount of patient payments** - even in advance of claims adjudication - while minimizing write offs.
