How to Attach the CMA Health Advocates Frame to Your Facebook Profile Picture

Social media is a powerful tool; it allows you to communicate with friends and followers instantly, connecting you on issues both great and small. The CMA understands that Facebook is integral to many people’s social lives. As a CMA Health Advocate, you can easily share your passion for health care change with all your Facebook friends by using our frame on your profile picture!

Whether you’re logged into Facebook on your phone or on a computer, finding and adding our frame to your profile picture is easy:

1. Go to your profile, click on your photo and select the option to change or edit it.
2. Among the change/edit options, you’ll see the prompt to add a frame. Clicking on “Add a Frame” will allow you to search for a frame by name.
3. Type in “CMA Health Advocates” and our frame should come to the top of the list.
4. Click on the frame to add it to your picture and adjust the positioning of the photo, if you want.
5. Click “Change Photo” to apply the changes.

Voila! Now all your Facebook friends will know you’re a CMA Health Advocate!
