

Prices are structured so as to be dependant as far as possible on attainment of results.
Consequently, they are divided into several sections.

Inquiries: Martin Hamer 027 432 5669 or visit our website www.embryoco.com

1. Flush Price Per Donor Cow

For 4 or more Donors in a programme	\$275.00 per donor FSH +	\$350.00 per donor flush
For 3 Donors in a programme	\$275.00 per donor FSH +	\$400.00 per donor flush
For 2 Donors in a Programme	\$275.00 per donor FSH +	\$450.00 per donor flush
For 1 Donor in a programme	\$275.00 per donor FSH +	\$500.00 per donor flush

2. Fee per Embryo transferred

\$100.00

3. Freezing and thawing

To freeze each embryo (NZ use):		\$ 50.00
Thawing and transfer per embryo:	1 to 9:	\$ 120.00
	Above 10:	\$100.00
Quick Thaw embryos:	Up to 15:	\$100.00
	Above 15:	\$ 80.00

4. In Centre:

Recipients are provided for transfer of frozen embryos. This is routinely performed surgically on our centre: Currently \$2,060 per 60 day pregnant recipient, plus \$48.00 per embryo transferred for synchronisation costs.
Note that we do not accept frozen IVF embryos for transfer.

5. Other:

The above prices do not include synchronisation drugs etc for the donor & recipient cattle, GST, travel, mileage, or, where necessary, accommodation and meals.

Mileage is charged per kilometre at: 75 cents

Donor cows should be examined by your vet prior to commencing the programme.
If EmbryoCo does the examination a visit fee of \$40.00 plus \$10.00 per donor will be charged (*plus mileage*).
