

common sense party

A New Kind of Party

California's political monopoly keeps a majority of voters from being heard.

Our party is **responsible, open, and inclusive.**

Above all, we're committed to unrigging the system so that voters, not parties, are in control.

Once we hit the **67,000 member threshold**, we can bring competition (and common sense) back to California.

61%

of Californians
think a third party
is needed.

60%

of young voters
reject the
two-party
duopoly.
