AN INITIATIVE OF THE LOCAL BUYING PROGRAM

// OUR VALUES

GIVE FIRST

We offer our time and experience to others when able, without expecting anything in return. Paying-it-forward is key.

AGILITY

We exercise flexibility in our business mindset and consider new opportunities, while staying true to our end goal.

INTEGRITY

Our words have meaning. We say what we do and do what we say.

COMMUNITY

We are all in this together. With every action and decision, we consider...will this benefit our Split Spaces community and the community in which we live and work in?

DETERMINATION

We accept and welcome failure as part of the road to success. We get up when knocked down and seek support when needed.

OUR PROGRAMS

Your 2021/22 partnership will assist Split Spaces in the delivery of a comprehensive program of events and activities for new and existing innovative businesses and entrepreneurs that will include:

Founders Program

We use a hybrid delivery method for this program to maximise chances of engagement and success. Ideal for founders with global ambitions, & anyone with a business idea they want to explore. Supported with one-on-one mentoring and group tutorials.

MackHack - Regional Hackathon

An annual weekend event designed to bring like minded persons together to solve industry challenges. Participants are given the skills to develop a prototype and pitch a solution to a panel of industry experts for judging and the chance to take the solution to trial.

Futurepreneurs

Networking and Professional Development for teachers in collaboration with Whitsunday STEM Challenge. The goal is to upskill teachers to encourage 21st Century Skills such as Critical Thinking, Creative Thinking, Communication, Collaboration & Teamwork, Personal & Social Skills and ICT Skills.

Mine Pitch

MinePitch connects innovators with industry through a vetted platform for Startups and Scaleups to receive feedback, insight and advice from Mine Managers and industry experts for validation and industry research. This Split Spaces initiative is in collaboration with the Resource Industry Network and incubator hubs across Queensland.

Pitch Perfect

A quarterly pitch event, with monthly coaching meetups, and one-on-one mentoring on demand. The program is for anyone wanting to improve their pitching and presentation skills, make industry connections and receive feedback to improve their business outcomes.

Adapting to Industry 4.0

A collaboration with the Qld AI Hub, Qld Robotics and Qld XR Hub to deliver a series of guest speakers, case studies, workshops & one-one-one sessions to assist our regional businesses to adapt to Industry 4.0.

Split Spaces provides a home for innovation, creativity and entrepreneurship and a launchpad to business success.

Split Spaces provides a home for innovation, creativity and entrepreneurship and a launchpad to business success.

Supporting business and innovators

- > Bring diverse people together for unique learning experiences.
- > Provide functional and alternative spaces to do business.
- > Provide platforms for business to give back and share.
- > Help people to identify and connect with opportunities.
- > Building a thriving co-working space
- > Encourage a culture of connectedness that enables people to work in their own way.
- > Grow the space to be self-sustaining.
- > Provide functional and accessible multi-purpose spaces for members.

Bringing global ideas to Mackay-Isaac-Whitsunday

- > Embrace best practice around sustainability.
- > Assist people to identify how to apply business opportunities from global trends.
- > Engage in global conversations at a regional level.
- > Connect with new ideas.

Collaborating with stakeholders to support economic development outcomes

- > Foster strong relationships with key stakeholders in the region.
- > Partner with stakeholders to deliver economic development initiatives.
- > Contribute to the development and growth of alternative industries.
- > Provide a framework for risk taking in innovation.

Introducing youth to innovation, creativity and entrepreneurship

- > Develop partnerships with other organisations to deliver youth programs.
- > Expose young people to entrepreneurial pathways.
- > Ensure the Space is suitable for programs and events targeted at young people.
- > Work with stakeholders to ensure young people are ready to enter innovative and technology- based workforces.
