

Supply Chain Services

Inventory Analytics

ATG offers consulting based on our experience and subject matter expertise. We will audit your inventory practices and provide a hands-on action list of required improvements.

ERP/MRP

ATG understands the importance of system platforms for materials planning and procurement. We provide the service of a collaborative evaluation of our client's needs and on a project basis, lead the project of selecting the best-fit platform.

Human Resource Evaluation

ATG reviews the organizational structure of your Supply Chain Team, evaluates their professional capabilities and provides you with an unbiased report of their strengths and weaknesses.

Sourcing

ATG assists our clients in determining weaknesses in their sourcing solutions and provide scalable alternative solutions both domestic and global. We bring expertise in plastics, metal fabrication, cable / wire harnesses, precision machining, and custom engineered electrical components.

If you'd like to explore developing a customized Supply Chain solution for your business or learn more about sales, marketing, and supply chain excellence strategies to attract, engage, and delight your customers, give us a call at [\(864\)350-9864](tel:8643509864) or drop an email to mitch@acceleratedtangiblegrowth.com

Mitch Nichols is the founder and principal of Accelerated Tangible Growth. Mitch has thirty years of business development, sales management and marketing experience in the manufacturing and technical space. ATG specializes in helping primarily small to mid-sized contract manufacturers, plastic injection molders and sheet metal fabricators engage and retain the right new customers. The fact that our team actually drives the sales, marketing and supply chain excellence programs for clients provides us with the invaluable front-line knowledge and insights for what works and doesn't work when it comes to new business development
