PATIENT INTAKE FORM - ACKNOWLEDGEMENTS & CONSENT

RELEASE OF HEALTH INFORMATION

I give permission to Missing Link Physical Therapy to release information, verbal and written, from my medical records to my physician, insurance company, case manager, attorney, school, related healthcare provider, or other agencies as it relates to my treatment. I further authorize Missing Link Physical Therapy to obtain medical records from my physician or other medical professionals as related to my treatment.

Initial Here _____

DISCLOSURE AUTHORIZATION FOR RELEASE OF PROTECTED HEALTH INFORMATION

I have read and fully understand Missing Link Physical Therapy's Privacy Practices. A copy of Privacy Practices is available in the front waiting area or a hard copy may be obtained upon request. I understand that Missing Link Physical Therapy may use or disclose my personal health information for the purposes of carrying out treatment, obtaining payment, evaluating the quality of services provided and any administrative operations related to treatment or payment. I understand that I have the right to restrict how my personal health information is used and disclosed for treatment, payment and administrative operations if I notify the practice. I also understand that Missing Link Physical Therapy will consider requests for restriction on a case by case basis, but does not have to agree to request for restrictions.

I hereby consent to the use and disclosure of my personal health information for the purposes as noted in Missing Link Physical Therapy Notice of Privacy Practices. I understand that I retain the right to revoke this consent by notifying the practice in writing at any time.

FINANCIAL / SCHEDULING POLICY

We are committed to providing you with the best possible care. This information is designed to guide you through the rapidly changing world of physical therapy and insurance plans. **Please read carefully and sign at the bottom of the page indicating your understanding and acceptance of our policies and procedures.**

Here at Missing Link Physical Therapy, we feel that we can best care for our patients if we are able to spend up to a full hour with our new patients on their first appointment. Because of the high demand for these appointments it is critical that you arrive in the office 10 minutes prior to your appointment with your completed forms. We understand that delays can happen, however, we must try to keep the other patients and doctors on time. **If a patient is 15 minutes past their scheduled time we will have to reschedule the appointment.**

We understand situations arise in which you must cancel your appointment. It is therefore requested if you must cancel or reschedule your appointment, you provide more than 24 hours notice. This will enable another person who is waiting for an appointment to be scheduled in that appointment slot. With cancellations / reschedules made less than 24 hours notice, we are unable to offer that appointment to other patients.

There will be a \$150.00 fee charged to all patients / clients who miss scheduled appointments and fail to cancel their scheduled appointment without 24 hours notice. We understand that illness and emergencies happen and we will take that into full consideration if the situation arises and will waive the fee as necessary. Patients who No Show two (2) or more times in a twelve (12) month period, may be dismissed from the practice thus being denied any future appointments.

Missing Link Physical Therapy is an out of network Physical Therapy practice. Payment is to be provided on the date of services unless payment arrangements have been made and approved in advance. We will provide the appropriate invoice so that you may submit the service provided to your insurance company for possible reimbursement. For your convenience, we accept all major credit cards and payments can be made over the phone. **PLEASE NOTE THAT YOU WILL BE CHARGED \$35.00 FOR ANY CHECKS WITH NONSUFFICIENT FUNDS.**

CONSENT AND RELEASE FOR TRIGGER POINT DRY NEEDLING PROCEDURE (TDN)

This form is a consent form and general release of medical liability for the TDN procedure. By signing this form, you are agreeing not to hold Missing Link Physical Therapy or its staff liable for any complications that may arise from the usual application of this procedure. Prior to receiving TDN you will be "verbally consented." This means you will be asked if you want to proceed. If you state "yes," you will not be asked to sign this form again. This form will be kept on file. You may request a copy of this consent form for your records.

DESCRIPTION OF PROCEDURE:

During treatment for many of our patients, we commonly use a technique referred to as Trigger Point Dry Needling (TDN). In many cases, TDN can be helpful in resolving sub-acute and chronic pain. TDN may be very effective for your medical condition. TDN involves placing an acupuncture needle into the muscle in order to release muscle and decrease trigger point activity. This can help resolve pain, release muscle tension, and promote healing. This is NOT traditional Chinese Acupuncture, but instead a medical treatment that relied on a medical diagnosis to be effective. All Physical Therapists at Missing Link Physical Therapy have met the requirements for Level I and Level II TDN training and have years of experience in performing the procedure.

RISKS OF PROCEDURE:

While complications from receiving TDN are rare in occurrence, they are real and must be considered prior to giving consent for treatment. The most serious risk associated with TDN is accidental puncture of a lung (pneumothorax). If this were to occur, it may likely require a chest X-Ray and no further treatment. The symptoms of shortness of breath may last for several days to weeks. A more severe puncture can require hospitalization and reinflation of the lung. This is a rare complication, and in skilled hands it should not be a major concern. Other risks include injury to a blood vessel causing a bruise, infection and or nerve injury. Bruising is a common occurrence and should not be a concern unless you are taking a blood thinner. Additional possible complications include possible increased pain or other symptoms. As the needles are very small and do not have a cutting edge, the likelihood of any significant trauma from TDN is minimal.
