

Viper V765 Gaming Keyboard

The Viper V765 Mechanical RGB Keyboard comes with a full set of features including the first ever DIP LED box switch for maximum lighting effects! The Kailh red box switches are water and dust resistant (IP56) to make your keyboard last longer and stay cleaner. The full size layout with compact design makes the Viper V765 the perfect option to take with you when you need it!

With a 3.6mm travel distance, the V765 gives you a quicker response time without sacrificing the mechanical feel gamers need. Don't just upgrade your set up, bring it to life and immerse yourself in the game.

The V765 is built with a durable aluminum chassis and a magnetic detachable palm rest for comfort and support during those long nights of gaming. Backed by a two year warranty, the V765 is compatible with all up to date platforms.
